NOTICE.

In again presenting my Spring Catalogue, I do so with much pleasure, having added largely by importation of everything new and valuable among the various classes.

The prices at which some of the new plants are offered, may appear high to persons unacquainted with the importation of these articles. For such I have to pay high prices in Europe, adding freight, risks, &c., to justify which when first offered, the price should be proportionate—though I make it at the lowest possible rates, and as stock increases the price is reduced. Older and standard varieties are offered at my usual very moderate rates.

The description of the new plants are those of the parties who sent them out.

When selections are left to me, the very finest varieties will be sent, and the most vigorous plants.

After over thirty years' experience in packing and forwarding plants to distant countries, I flatter myself I can pack both economically and safely for any distance.

No charge is made for boxes or packing.

Plants, Bulbs, &c., at the single rate, will be mailed free; but when ordered by the dozen or hundred, the single price or a sufficient amount must be remitted to cover postage. On their reception they should be potted and placed in a frame or green-house to recover the effects of the journey. To Florists and Nurserymen who wish new plants, the mail offers the greatest facility for obtaining such, as they know how to care for them on their arrival. Amateurs who have no means of caring for plants after a journey through the mail, as well as all persons requiring a considerable quantity of plants of a larger size, had better have their orders by express. If left to me, I will forward in such a way as I deem best for the purchaser.

In all orders by express, good plants are added in proportion to the value of the order or distance. Persons getting up clubs will be liberally rewarded with choice plants in proportion to the amount remitted.

Orders intended for mailing should be accompanied with a remittance; not less than \$1.00 worth sent in each order. But in express orders the purchaser may remit, or the article will be forwarded C. O. D. at his option.

In making out orders, keep plants and seeds separate—it saves us much time at our busy season.

Write your name plainly; give post-office, county and State, whenever you write, no matter how frequently.

In all letters of inquiry, it is well to leave a blank space between each question for an answer; this facilitates a reply in the busy season, when my correspondence is very heavy.

Please use the order sheet, or in a list apart from the body of the letter. This much facilitates business and prevents errors. In making out orders please affix prices, that I may know the size of plants required.

Customers who fail to receive a catalogue in due time, will please inform us of the same, that a copy may be sent, as catalogues are frequently lost in the mails.

This catalogue annuls prices in all former issues.

JOHN SAUL.

NEW, RARE AND BEAUTIFUL PLANTS.

NEW ROSES.

	Each.		Each.
AMERICAN BEAUTY , (New Rose), a very distinct rose; flowers large and double, of a red-dish crimson color, with a rich H. P. fragrance; an admirable forcing rose, every shoot terminating with a flower. For forcing, there is no large, full rose equal to this. 3 inch pots, 25 cts.; 5 inch pots.....	50	PRIMROSE DAME (Bennett), (New Tea), primrose yellow; centre apricot; deeper colored in the autumn; full fine form, opening well; very fine new rose. 3 inch pots, 50 cts.; 5 inch pots..	75
HER MAJESTY , (New Hybrid Tea Rose), a rose of immense size—the largest in cultivation—fully six inches in diameter, of a rich delicate pink color; a very vigorous grower. "The blooms being large in size and perfectly double, and the soft, but clear, bright blush-pink color being exceedingly chaste and lovely. It is, in our opinion, quite in the first rank of light-colored flowers, and indispensable in every rosetum."— <i>T. Moore, F. L. S.</i> Price, 3 inch pots, 30 cents; 5 inch pots.....	50	THE BRIDE , (New Tea Rose). This is undoubtedly the finest White Rose ever offered to the public. It is a sport of Catharine Mermet, and is a counterpart of that fine variety, excepting in color, which is pure white. The blooms are of fine texture and substance, lasting longer in a fresh state after being cut than any other known white variety. This new rose has, moreover, the great recommendation of producing more flowers than its parent. Upon plants grown side by side, with exactly the same treatment all through this season, the Bride has produced fully 20 per cent. more flowers than Catharine Mermet. Price, 3 inch pots, 25 cents; 5 inch pots...	50
"PAPA GONTIER" , (New Rose), fine foliage, showing distinctly the Duchesse of Edinburgh parentage, exceedingly free flowering, very sweet, and one of the best out-door summer roses for cut flowers; being free from mildew. The flowers are large and long, with thick, broad petals of a dark carmine crimson; a bunch of flowers, when fully open, are almost equal in effect to a bunch of Hybrids, as the inside, instead of being pale and faded, like Bon Silene, is a bright rosy carmine, and lights up well at night. Price, 3 inch pots ; 4 inch pots.....	50	VISCOUNTESS FOLKSTONE , (Bennett), (New Tea), creamy pink; centre deep salmon pink; very large, opening well; very sweet; growth vigorous. 3 inch pots 50 cts; 5 inch pots.	75
		WILLIAM FRANCIS BENNETT , (New Hybrid Tea Rose). This celebrated new rose has long pointed buds like Niphetos, with the rich, dazzling crimson color of General Jacqueminot and the delicious fragrance of La France; a free, vigorous grower and profuse bloomer. The finest high-colored rose for winter forcing. Price, 3 inch pots, 25 cents; 5 inch pots.....	50

NEW REGAL PELARGONIUMS.

The Pelargoniums now offered are not only the greatest novelties, but the most beautiful of the English and Continental collections.

*Pelargonium, Alexandre de Napadiewicz , a fine flower of a salmon-carmine color, margined with white; upper petals blotched with maroon; large white centre.....	50	*Pelargonium, Miss Lily Cannell , a very pretty flower; crimson-scarlet petals shaded with rosy-purple and edged with white, light centre.....	50
*Countess of Rosebery , a desirable variety, producing large trusses of pure white flowers, with a spot of delicate rose in the upper petals, the margin of the flower being prettily fringed.	50	*Karl Klein , a splendid variety, producing very bright red flowers darkly spotted; extremely showy.....	50
*Carnaval , a grand flower, white, picoteed with carmine, black blotches with enormous trusses.	50	*Mad. Pape-Carpantier , a very beautiful white flower of fine habit and free flowering semi-double.....	50
*Cascade , pure white, striped, a beautiful double flower.....	50	*Prince of Teck , rich deep crimson, shaded with violet; upper petals blotched and feathered with dark blackish maroon; centre shaded with violet.....	50

Princess Stephanie, an exceedingly dwarf variety; color lilac-pink, very free flowering		Souvenir de Louis van Houtte, beautiful double carmine-rose flowers; very floriferous	

Price 25 cents each. The set of six for \$1.25.

NEW REGAL PELARGONIUMS.

This name is applied to that magnificent group of Pelargoniums the flowers of which are of large size, very rich and showy; a few are double, and although the others are not really double, yet from their fulness of form and the extra number of petals, they have the appearance of being so.

	Each.		Each.
Pelargonium, Beauty of Oxton , the upper petals are of a very rich maroon, darkly blotched; under petals very dark crimson, shaded with maroon; light centre; all the petals margined with white and beautifully fringed.....	50	Pelargonium, Empress of India , white pencilled with violet rose, petals beautifully undulated and frilled; very beautiful.....	40
Duchess of Bedford , one of the most useful. Its blossoms are of the purest white, prettily fringed, with a feathered spot of delicate rose in the upper petals. Its habit is dwarf and compact.....	40	Guelphs et Gibelens , lavender shaded lilac flowers, much fringed, and spotted with deepest purple; a lovely variety.....	40
Dr. Masters , a splendid variety. The trusses are large and in great profusion; it is semi-double, the upper petals having large black blotches in the centre, with a narrow margin of rich crimson, the lower petals having a smaller blotch.....	40	Mad. Bouchariat , a variety with truly semi-double white flowers; a chaste and handsome flower.....	40
Elegantissimum , a beautiful variety, with large crispy semi-double flowers, of a rich vermilion color, all the petals broadly margined with white.....	40	Madame Thibaut , white, richly blotched and marbled with rose; the upper petals marked with crimson maroon; large white centre; immense trusses of very large fine flowers, with undulated petals.....	40
Madame Evard , a most distinct variety; the flowers are very full, with beautiful crispy petals of an exceedingly bright purplish crimson color, richly spotted with dark maroon.....	40	Maid of Kent , an attractive variety, of neat dwarf habit and extremely free blooming; the flowers are pure white, with bright rose-colored spots on all the petals, which are beautifully undulated and fringed.....	40
		Theophrasta , a very beautiful Pelargonium, flowers double crimson, freely produced; a very desirable variety.....	40
		Ville de Caen , a very novel variety, of a scarlet maroon color; very large pipes.....	40
		Price: 12 beautiful varieties, \$4.00.	

PELARGONIUMS.—New Varieties, Fringed, Striped, and Show Flowers.

Pelargonium, Anna Pfitzer , upper petals rich carmine; lower petals amaranth; light centre. 40	Pelargonium, Primitive 40
Amazona , large, beautiful form; color rich carmine, with a white centre; a showy and lovely flower..... 50	Princess of Wales , very handsome, with elegant frilled petal margins, trusses large size, ground color pure bluish, each petal alike marked with a rich dark velvet crimson-scarlet margined blotch..... 40
Chanzy 40	Miss Teresa M. Saul (Saul) , in habit similar to our two preceding, and of free growth and profuse bloomer; beautiful trusses; color of upper petals orange-vermilion, with dark blotch; lower petals lighter shade, centre white..... 40
De Brazza , carmine rose, white centre, deep maroon blotch; very fine..... 40	Panorama , violet, dark blotch..... 40
Edward Perkins , rich scarlet, deep blotch; an exceedingly vivid and beautiful flower..... 50	Queen Victoria , the flowers of this handsome variety have peculiarly crispy petals of a rich vermilion color, margined with pure white, the upper ones blotched with maroon; extremely attractive..... 50
Flambeau , rich light crimson; maroon blotch in upper petals, shaded with scarlet; a most effective variety..... 50	Sabine , upper petals dark crimson-maroon, edged with bright crimson; under petals rosy crimson, blotched with maroon..... 50
General Thibaudin , rich carmine orange bordered with white; white centre, grand trusses. 40	Scribe , habit free and compact; large umbels of finely formed flowers; color violet-maroon, bordered with white, lower petals rayed with violet..... 50
Gidour , upper petals deep maroon, surrounded with fiery crimson, and margined with deep rose; under petals bright rosy pink, spotted with dark crimson; a splendid flower..... 40	Ukrian , upper petals bright crimson, blotched with maroon and edged with white; under petals deep rose edged with white; white centre, shaded with violet, the petals slightly fringed; a very free and pretty variety..... 50
Geant des Batailles , bright crimson, very dark blotch..... 40	Whigs et Tories (Lem.) , brilliant carmine blotched with maroon, centre white, trusses immense; free vigorous habit and free bloomer. An attractive and beautiful flower..... 50
Improved Triomphe de St. Maude , very vigorous, with large trusses of rich crimson flowers, dark blotch; a fine market variety.... 40	Wm. Pfitzer , rich crimson with very dark blotch; centre white; beautiful..... 40
Jordaens , a rich rose carmine, bordered with white, white centre; maroon blotches; a beautiful variety..... 40	Waldeck-Rousseau , white centre, petals carmine-violet, large fine trusses; beautiful..... 50
John Bright , bright scarlet, maroon blotch, light centre; a beautiful flower..... 40	Zenith , rosy carmine, white centre; a lovely flower..... 40
Lucie Lemoine , a chaste and beautiful new flower, grand umbels of purest white, perfect form and shape; fine, compact, vigorous habit..... 40	Price: 12 beautiful varieties for \$4.00.
Malcolm , upper petals rosy pink, blotched with maroon; under petals soft rosy pink, spotted with deep crimson..... 40	
Mrs. Potten , this is a charming variety; habit good and compact, trusses large, finely formed; color purest white, with very dark blotches.... 40	
Madlle. Nevada 40	
Pallas 40	

DECORATIVE PELARGONIUMS.

The varieties here offered are largely grown for Covent Garden Market, London.

Pelargonium, F. A. Dickson , upper petals bright cherry; lower pink; profuse bloomer; a very fine variety..... 40	Pelargonium, Mabel , dark maroon top, narrow edge, a heavily painted flower, fine free habit and bloomer..... 40
Charles Dickens 40	Mrs. H. Buck 40
Lady Isabel , a beautiful mauve, with puce spots all round..... 40	Memerie , free, but compact habit, an early and profuse bloomer, rosy crimson, light centre, purple blotch; fine pot plant..... 40
Miss Weatherill , rosy crimson, suffused with orange, white centre, small blotch, beautiful pure white; fine free bloomer..... 40	Scarlet Gem , very bright crimson-scarlet, with light margin; fine free habit; early and profuse bloomer..... 40
Miss Maller , a decorative plant..... 40	

NEW PLANTS.

**ERANTHEMUM MACROPHYLLUM*.

A very desirable winter-flowering stove plant. Its pretty light-blue flowers are borne in terminal and axillary spikes. The lower petal or lip extends horizontally and is of a deep bright blue, forming a pleasing contrast to the celestial blue of the upper petals. Blooming as it does in the winter, when flowers are so scarce, this will be found a welcome addition to our stoves. It is very free flowering and of good habit. \$1.00.

**ALOCASIA SANDERIANA*.

A remarkably handsome and truly grand Arad, and one of the finest stove plants. It has erect petioles, which are brownish-green and striately mottled; on the young leaves the color is bright glossy green, and on the older leaves the surface has a metallic blue reflection. The leaf-blade is arrow-shaped, the front portion with about three triangular lobes on each side, the basal portion with one or two smaller lobes; the thick costa and the stout cross veins are white, conspicuously bordered with ivory-white, the margins also being white. This is certainly the most beautiful of all the Alocasias, and a most magnificent foliage plant.

**ARISTOLOCHIA ELEGANS*.

A beautiful free-flowering species of neat growth, imported from Brazil. The handsome and elegant flowers are borne on long stalks and have a slightly distended tube, which is suddenly bent upwards into a cordate cup-shaped limb of a rich dark purple, ornamented throughout with irregular branched markings of a creamy white, and having a golden yellow eye surrounded by rich velvety purple. Its blossoms are produced in the richest profusion, even on small plants, and are entirely free from the objectionable odor peculiar to the genus. \$1.50.

**BEGONIA DECORA*.

A shrubby variety with dark green obliquely lanceolate leaves, profusely marked with oblong spots or dots of a silvery-gray color; somewhat of the character of *Argyrostigma*, but with the spots more minute. \$1.00.

**IMPATIENS HAWKERII*.

A more lovely flowering plant than this new species it would be difficult to imagine. It is a native of the South Sea Islands. The magnificent flowers are very large, flatly expanded, and of the most brilliant rich deep carmine color. This is relieved by a lustrous bluish tinge round the small white eye; the dorsal sepal is roundish and the two lateral lobes oblong and bilobed; the spur is red and about two inches long. The handsome flowers of this superb new *Impatiens* are produced in the greatest profusion from March until October. The plant is of free growth and of good habit, and cannot fail to become one of the most useful of decorative plants. "A marvelously fine new Baisam, somewhat in the way of the popular *Sultana*, but greatly superior, both in the size of its flowers and their color."—*The Garden*.

ARISTOLOCHIA ELEGANS.

**AMASONIA PUNICEA*.

"This is unquestionably one of the most beautiful plants that have been brought under the notice of Horticulturists for many years. The inflorescence is very brilliant, being particularly striking from having a series of the richest vermilion-crimson Poinsettia-like bracts, the lowermost of which are four inches long, are very persistent, remaining in perfection two months. From the base of each bract are produced pendulous flowers, in twos and threes of a creamy white color, offering a striking contrast to the rich coloring of the other parts of the inflorescence."

"Not only an extremely handsome plant, but absolutely distinct from every other plant in cultivation."—*The Garden*.

**IPOMŒA THOMSONIANA*.

A beautiful new species, in habit much resembling the well-known *I. Horsfalliae*. The flowers, however, which are borne in clusters, are pure white and much larger, being about three inches in diameter at the mouth. It has thick fleshy leaves, and from its free-blooming character cannot fail to become one of the most popular and useful of stove-house climbers. \$1.50 each.

***NEW PASSIFLORAS.**

	Each.		Each.
* <i>Passiflora</i> , <i>Constance Elliott</i> , this charming novelty is a seedling from <i>Passiflora cœrulea</i> , and has been awarded a first-class certificate by the Royal Horticultural Society. It is hardy, a free grower, and produces in the greatest profusion sweet-scented, pure ivory-white flowers, almost without a trace of the bluish tinge peculiar to the type. The inner surface of the sepals and the petals is white; the coronal threads being ivory-white, tinged with yellow towards the tips.....	25	* <i>Passiflora</i> , <i>Hahnii</i> , this is a very distinct and beautiful variety of Passion-flower. It is a native of Mexico and is a free-growing, temperate stove-climber. The flowers are about three inches across, of a creamy white, with a yellowish corona, and are produced in great profusion.....	1 00
* <i>Prof. Eichler</i> , a hybrid between <i>Londonii</i> and <i>Princeps</i> , bright scarlet.....	75	* <i>Tacsonia Jamesonii</i> , flowers of a rich rose, a distinct and very beautiful Passion-flower.....	75
		* <i>Violacea</i> , a very beautiful new Passion-flower, flowers of a lovely violet-blue, filaments white, anthers yellow, free flowering and fragrant.....	1 00

***SPIRÆA ASTILBOIDES.**

One of the most handsome of hardy herbaceous perennials, which has been certificated both by the Royal Horticultural and Royal Botanic Societies on account of its great merit. The stems grow from two to three feet high, and are terminated by compound feathery branches of elegant white flowers. It is a charming plant on account of its free growth and beautiful flowers, which are produced in the greatest profusion. \$1.00.

***IBERIS SEMPERVIRENS PLENO.**

There can be nothing prettier than the double white Candytuft for edging, beds, borders, rockworks, &c., and it is of particular value to the Florist. The flowers form a close bouquet of the purest white, and cover the dwarf, compact and beautifully rounded bush. The plant is well adapted for pot-culture, but its beauty will be more perfectly developed if planted out in the garden. The flowers appear in great profusion from April until June. \$1.00.

***NEW ANTHURIUMS.**

* <i>Anthurium</i> , <i>Ferrierense</i> , a splendid hybrid obtained from <i>A. Ornatum</i> and <i>A. Andreanum</i> . The slender, erect foot-stalks of the leaves support a fine, bright-green, heart-shaped expansion, fully twelve inches long and six inches broad. The scape is stout and erect, attaining a length of twenty-four to thirty inches. The spathe, which is remarkably showy and attractive, is of cordate form five to six inches across, of a bright, rosy carmine, without any of the reticulated corrugations characteristic of <i>A. Andreanum</i> . The spadix is about five inches long, ivory-white to		two-thirds of its length, with the upper third fawn color.....	2 50
		* <i>Anthurium</i> , <i>Andreanum</i> , the flower-spathe, which are borne well above the foliage, are heart-shaped and of a most brilliant scarlet color, the surface irregularly corrugated and traversed by deep sinuous veins, the spadix ivory-white at the base and greenish-yellow at the tip. It is an extremely attractive plant, and the individual flowers remain in perfection about three months, thus rendering it highly valuable for exhibition.....	2 50

NEW DOUBLE BOUVARDIAS.

<i>Bouvardia</i> , <i>Hogarth Florapleno</i> , of free growth, large double corymbs of flowers, very profuse flowering.....	75	<i>Bouvardia</i> , <i>Sang Lorraine</i> , a free-flowering variety, producing fine corymbs of large double flowers of a brilliant vermillion color.....	50
<i>Triomphe de Nancy</i> , a vigorous and floriferous variety, with large compact corymbs of well-formed double flowers of a beautiful orange-salmon color.....	50	<i>V. Lemoine</i> , the fine imbricated double flowers of this variety are of a fiery scarlet color, produced in large corymbs in the freest manner, the plant being extremely floriferous.....	50

NEW TUBEROUS ROOTED GRAPE VINE.

A recent introduction, consequently not fruited or tested; as it comes from a warm climate—Cochin China—we may infer it will require heat to succeed. Two varieties—round and oblong. 40 cents each.

NEW DIEFFENBACHIAS.

* <i>Dieffenbachia</i> , <i>Jenmanii</i> , the ground color of the leaves, a rich bright glossy green, is relieved by a milk-white band at every lateral nerve and by a few white spots interspersed between the bands. The striking variegation renders it one of the handsomest of Stove variegated plants. "One of the most striking		new foliage plants that has come under our notice."— <i>Gardener's Chronicle</i>	1 00
		* <i>Dieffenbachia</i> , <i>Magnifica</i> , a truly magnificent plant, vigorous, distinct, and fine habit; with large green leaves spotted and marked with pure white. One of the finest <i>Dieffenbachias</i> ...	75

***NEW YUCCAS.**

* <i>Yucca</i> , <i>Filamentosa Aureo-Variegata</i> , this is one of the most ornamental of Yuccas with colored foliage yet introduced. It is distinguished from the normal form by the middle portion of the leaves being marked with bright yellow longitudinal bands. It will prove a		valuable addition to the list of foliage plants for the decoration of the conservatory and greenhouse.....	2 50
		* <i>Yucca</i> , <i>Pendula Variegata</i> , a very handsome variegated <i>Yucca</i> of free growth, quite hardy, 2 00	

MELON PEAR OR MELON SHRUB.—*Solanum Guatemalense*.

"A very delicious fruit from the Highlands of Guatemala, and now being cultivated in California. It will likely succeed in the South. The fruit is of the size of a hen or goose egg, or even larger, and very much of the same shape. The color is lemon or pale orange with streaks or waves of bright violet, the whole making a fruit unrivaled in beauty. The interior of the fruit is a solid pulp similar to that of a pear, also of a pale yellow color, and of a taste resembling that of a fine musk-melon, but which has besides a most charming acid, so wholesome and so delicious that when the fruit is partaken of on a very warm day, it allays the thirst for several hours. The plant is an enormous yielder. I have seen plants of small size, say two by two feet, bear 30 large fruit which from their size and weight pressed the branches to the ground, and thus formed a most beautiful border all around the plant. The melon shrub can stand light frost, but heavy frost will cut it to the ground. The dead branches should then be cut off, the plants covered with an inch or so of soil or straw, and will, if so protected, start up in the spring as vigorously as before." 30 cents.

***MEDINILLA CURTISII.**

A beautiful Stove plant of bushy habit. The flowers are produced in great numbers in terminal and lateral panicked cymes on flower stalks of a beautiful coral red. Each flower is about half an inch in diameter, and has an ivory white calyx and a creamy white corolla, which show to great advantage the central tuft of purple stamens.

The neat and compact habit of the plant, the profusion with which its chaste flowers are produced, and which continue in perfection for many weeks in the autumn, render this one of the most valuable plants of recent introduction. \$1.50.

DRACÆNAS.

Each.

**Dracæna, Lindenii*, one of the most brilliant acquisitions recently made among fine foliaged plants. The stem is erect and simple, the leaves, which are deep green, are traversed by bands of creamy-white and yellow, handsomely variegated, a most distinct and striking variety. It is a plant which will gain a high reputation.....

Each.

**Dracæna, Massangea*, centre of leaf pale yellow, green margin; a very superb and distinct variety. This superb plant, like *D. Lindenii*, will be extensively grown, as they are two of the most distinct and graceful of decorative plants.....

***FICUS ELASTICA VARIEGATA.**

An attractive variety of this useful plant, the leaves being striped and marked with creamy yellow.

***AGLAONEMA PICTUM.**

This is a brilliant Aroid, with a fine rounded stem. The leaves vary in form, sometimes elliptical, oblong-lanceolate, are rounded at the base and almost suddenly acuminate at the top, from 4 to 7 inches long, and 2 to 3½ in width; they are of a lovely deep velvety green, beautifully mottled with large spots and irregular markings of a whitish blue. The mid-rib is prominent and slightly channelled on the upper face. When it is in flower it is still more attractive. The spathe is remarkable for its curious pocket-like form and its knotty spadix. \$1.50.

***SCHISMATOGLOTTIS LAVALLEEI.**

"In announcing this lovely plant we are convinced that it will become popular among lovers of fine-foliaged plants. It may be distinguished at a glance from all other species in cultivation. The texture of the leaf is flexible, the mid-rib is slightly prominent on the upper surface, and of a beautiful bright green, on which are scattered numerous silvery white spots, producing a most pleasing effect." \$2.00.

NEW BEGONIAS.

**Begonia, albo-picta*, a neat and pretty species, introduced from Brazil, distinct in character from all the cultivated kinds, whether species or varieties. It is shrubby in habit and of compact growth, having elliptic lanceolate leaves shortly stalked. The leaves are glossy green, freely spotted with bright silvery white, the nebulous markings becoming smaller towards the margins. It has small and elegant foliage, and will make a really useful and pretty plant for decorative purposes..... 1 00

**Assamica*, a very distinct and beautiful new species..... 50

**Arc-in-Ciel*, a lovely new variety of the Rex type; the marking is delicate and exceedingly beautiful..... 1 00

Diadema, a species of incomparable beauty and moreover a distinct type. From the short, fleshy stem branch out numerous leaves, erect, of a delicate green, and marked with white elongated blotches. The leaves are perfectly smooth and shiny. The ground is a clear green, whereon numerous white strains are scattered, without regularity, in bands or longitudinal lines..... 30 cts. to 50

Gosoensis, a beautiful new foliage Begonia..... 75

**Begonia, Berthe de Chateaurocher*, a very distinct and handsome variety..... 75

Manicata Aurea Maculata, this very beautiful Begonia has its fine foliage blotched and spotted with yellow, similar to the well known *Fartugium grande*, a grand foliage plant..... 1 00

**Mira*, a hybrid between *Diadema* and *Gosoensis* finely spotted foliage; a distinct and beautiful hybrid..... 1 00

Socotrana, a species of remarkable interest, both in its scientific and in its horticultural aspect, discovered in the island of Socotra. *B. Socotrana* is a plant of very neat habit, with erect stems 8 to 12 inches high, furnished with orbicular peltate leaves 4 to 7 inches in diameter, and producing a profusion of bright rose pink flowers, of which the males are fully two inches in diameter. Its great recommendation is its very free blooming character, and its flowering in the depth of winter, when other Begonias are at rest, thus prolonging the season of these beautiful plants..... 50

**Ville de Namur*, this beautiful foliaged Begonia is in style of Louise Chretien, but superior. The finest that have been introduced for some years..... 1 00

***CROSSANDRA UNDULÆFOLIA.**

This is a dwarf, shrubby plant, rarely exceeding a foot high, with spreading ovate-lanceolate evergreen leaves. It flowers freely in the summer, and continues in bloom for several weeks. The flowers are produced successively along an erect spike 2 to 3 inches long, formed "into a four-sided kind of strobilus by numerous opposite acutely-keeled hairy bracts," in which the calyx of the flowers is concealed; the corolla is bright orange-yellow tinted with rose. \$1.00.

***CIENKOWSKIA KIRKII.**

This handsome and interesting plant is a native of Eastern Tropical Africa; its blossoms are exceedingly attractive and beautiful; they are produced on a many-flowered scape, and are of a soft purplish rose color, with a bifid golden spot in the centre. It has received a First-Class Certificate from the Royal Horticultural Society. \$2.50.

***GEISSOIS RACEMOSA.**

A beautiful new plant from New Caledonia. As a decorative plant it will be found very distinct and striking. \$2.50 each.

***SELAGINELLA GRANDIS.**

A handsome erect-growing species, with large, broad, recurved, grass-green fronds, much branched, the divisions half an inch broad, densely clothed with distichous, imbricating, subfalcate. \$1.00.

COLOCASIA NEO-GUINENSIS.

A new aroid, it is remarkable for its tufted habit, the shortness of the leaf stalks, and its short-stalked inflorescence, and the beautiful green tone of its smooth and shiny leaves, spotted with creamy white. It will form an interesting addition to collections of Aroidaceous plants, and probably may prove valuable for the embellishment of the out-door garden in summer, like *C. Esculenta*, now so much cultivated. 50 cents.

***HIBISCUS CHRYSANTHUS.**

A very distinct new species from Natal: very large flowers, bright deep yellow, purple eye. This beautiful plant bedded out the past summer flowered finely with me. \$1.50.

HIBISCUS ROSA-SINENSIS.

	Each.		Each.
Hibiscus Rosa-Sinensis, Lucien Linden, this splendid ornamental shrub is without doubt one of the best varieties of the kind. The flowers are large and very double, of a pale yellow color, beautifully streaked with spots and lines of brilliant red.....	30	Hibiscus Rosa-Sinensis, Zebrinus, a very distinct and handsome variety with double flowers, which are beautifully flaked and striped; the five outer petals scarlet edged with creamy yellow in the lower part; at the apex, of a creamy yellow, irregularly striped and flaked with scarlet.....	30
Magnificus, a grand variety of this fine plant. Flowers rich crimson magenta.....	30		

PIPER METALLICA.

A very decorative plant, with round leaves, thick and of a beautiful sparkling metallic green, a native of Borneo. An exceedingly pretty plant. 50 cents.

PELLIONIA PULCHRA.

An exceedingly pretty trailing plant, with light green foliage marked with dark spots. A charming trailing plant. 30 cents.

IMPATIENS.

Impatiens, Sultana, a very beautiful plant from the East coast of Africa. The plant is a free grower and continuous bloomer, color of flowers a rich carmine magenta.....	25	Impatiens, Mariana, a pretty new species, of dwarf habit, reticulated foliage.....	
---	----	--	--

STREPTOSOLEN JAMESONII.

An exceedingly fine free flowering plant of compact bushy habit, flowers opening bright orange, passing to cinnabar-red, nearly an inch in diameter. A really valuable plant. 25 cents.

JASMINUM GRACILLINUM.

Jasminum Gracillimum is one of the most distinct in its graceful habit and in the abundance of its large sweet-scented flowers, which are also more copiously produced. It appears to be a small species, with long, very slender branches springing from low down on the stem, and curving over on all sides, weighed down by terminal globose panicles. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers. 30 cents.

BRUGMANSIA SANGUINEA.

An old but neglected plant; free luxuriant grower, with large, hairy foliage, flowers long, white, tubular edge margined crimson. 75 cts.

ANTHURIUMS.

- | | Each. | | Each. |
|---|-------|--|-------|
| * Anthurium, Crystallinum , the emerald green
refulgent leaves are spotted all over with a
brighter shade, and bordered by a broad sil-
very or rather crystal band, which sur-
rounds the intramarginal and four secondary nerves.
These dazzling white zones are so distinct and
regular that they resemble a border of incrust-
ed silver around the sections of the blade of the
leaf.....\$1 00 to 2 00 | | Anthurium, Regale , this is a superb ornamental
foliage plant. There are several varieties of this
plant. The one now offered is the finest; the
leaves are heart-shaped, much lengthened out
towards the apex, and rich dark velvety green
in centre\$1 00 to 2 00 | |
| Floribundum , a very pretty species, of easy
culture. Flowers pure white, freely pro-
duced.....50 cts. to 1 00 | | * Scherzerianum , one of the most striking and
beautiful dwarf-flowering stove plants of re-
cent introduction, producing beautiful brilliant
scarlet flowers, each of which remains from two
to three months in bloom. This charming and
novel plant is easy of culture, and a most abun-
dant bloomer.....\$1 00 to 2 00 | |
| Magnificum , the foliage of this plant is truly
magnificent, a noble species, with large velvety-
green leaves and broad silver veins.....50 cts. to 1 00 | | Tetragona | |
| Veitchii , a very handsome Aroid. The leaves
are ovate-oblong, greatly elongated, attaining
lengths of from 2 to 3 feet, with a breadth of
less than one-third of these dimensions; with
a glossy metallic surface when first expanded,
becoming paler by age. The principal nerves
are arched and deeply sunk, giving the surface
a conspicuously waved appearance. As an
exhibition or decorative plant it will always
take a very high position 2 50 | | Warocqueanum , a remarkable Aroid. The
leaves are greatly elongated, attaining lengths
of from 24 to 30 inches, with a breadth of not
more than 7 or 8 inches. The ground color is
a deep green of a very rich hue, with a velvety
lustre and appearance, with which the light
color of the midrib and veins form a pleasing
contrast. To the lovers of fine foliage plants
this beautiful Anthurium will be a most
welcome acquisition.....\$1 00 to 2 50 | |

ALOCASIAS.

- | | | | |
|---|--|--|--|
| * Alocasia, Hybrida , an exceedingly beautiful
Hybrid, sent out by Messrs. Veitch & Sons. It
is of free growth, with exceedingly beautiful
foliage with metallic hue, in the way of A.
Veitchii, but much finer; will make a grand
specimen plant for exhibition, &c.....1 00 to 1 50 | | Alocasia, Sedeni , very beautiful, between A.
Metallica and A. Lowii. The form of the leaf
is perfectly intermediate between the two
parents, whilst the coloring is a very striking
and pleasing combination of the metallic hue
of one parent, with the dark green and promi-
nent white veins of the other. A fine foliage
plant.....50 cts. to 1 00 | |
| Jenningsii , a delicate green, over which,
between the principal veins, are laid heavy
blotches of black, which are remarkably pre-
cise in outline and arrangement..... 25 | | * Thibautiana , a splendid foliage plant
of stately and robust habit, and, without doubt,
by far the finest of all Alocasias. For exhibition
purposes it stands in the front rank among
foliage plants, and in the Stove it forms one of
the most distinguished ornaments. A first-class
certificate was awarded to it by the Royal Hor-
ticultural Society.....1 00 to 1 50 | |
| * Lowii , a very beautiful plant with large shin-
ing foliage. Forms a fine specimen..... 1 00 | | Veitchii , the foliage of this plant is exceedingly
distinct. A grand show plant.....40 cts. to 1 00 | |
| Macrorrhiza Variegata , leaves nearly as large
as Colocasia Esculentum, broadly splashed with
white, some leaves nearly all white. Its easy
growth, combined with the rich variegation,
makes it a very telling subject for exhibi-
tion.....50 cts. to 1 00 | | * Zebrina , fine yellow leaf-stalk, with distinct
black marks, rendering it a very conspicuous
plant. It makes a grand specimen.....50 cts. to 1 00 | |
| * Metallica , a plant possessed of great beauty.
Large, thick, shell-like leaves of a bronzy cop-
per color. It is distinct and admirable in every
respect75 cts. to 1 50 | | | |

*GLOBBA COCCINEA.

The stems are much crowded, 12 to 18 inches long, and gracefully arching on all sides, giving the plant a very elegant contour. They are furnished with deep green leaves and terminate in a dense raceme of flowers, of which the bracts are scarlet and the perianth yellow. The plant is continuously in bloom during the greater part of the year. The elegant habit of this plant, its richly-colored flowers of singular structure and their long duration, render it a most useful and interesting plant. 75 cents.

*HIGGINSIA RÆZLI.

A very beautiful new tropical plant, with dark bronzy leaves, streaked and marbled with white. 50 cents.

POTHOS.

- | | | | |
|---|--|--|--|
| * Pothos, Celatocaulis , this plant is a handsome
and interesting climber, lying perfectly flat
upon the surface it climbs over, being held in
position by its numerous adventitious roots;
and as it is a rapid grower, it is admirably
adapted for covering walls, &c..... 30 | | * Pothos, Aurea , the leaves are strikingly variegated,
irregularly marked by bands of fantas-
tic-shaped blotches of creamy yellow, here and
there suffused with pale yellowish-green. An
ornamental object in the plant stove..... 30 | |
|---|--|--|--|

PAVONIAS.

- | | | | |
|--|--|---|--|
| * Pavonia, Wioti , the outer calyx consists of two
whorls of narrow, slender, bright-red brac-
teoles, the outer whorl shorter than the inner,
which equals the closed corolla. Both the lat-
ter and the calyx are of a red-black. It flowers
continuously throughout the year, but most
freely in the winter months..... 50 | | * Pavonia, Makoyana , its corymbs of flowers
are peculiarly attractive from the bracteoles
being large and of a bright rosy carmine color,
forming a striking contrast with the dark pur-
ple corolla. The plant is extremely floriferous,
and the blossoms remain a long time in per-
fection..... 50 | |
|--|--|---|--|

MONTBRETIAS.

Each.	Each.
* Montbretia, Pottsii , a bulbous rooted plant from the Cape, requires similar treatment to <i>Gladiolus</i> ; stem $1\frac{1}{2}$ to 2 feet high, with a panicle nine inches long, bearing long, deep bright yellow flowers, tinted outside with red. Per doz. \$1.50.....	* Montbretia, Crocosmiflora , an exceedingly beautiful bulbous plant, a hybrid between <i>Montbretia Pottsii</i> and <i>Crococoma Aurea</i> —flowers in long spikes like a <i>Gladiolus</i> ; color brilliant orange and crimson. Per doz. \$2.50..
15	25

ANTHERICUM PICTURATUM.

Without a doubt one of the handsomest foliage plants ever introduced, in growth equal to *A. Vitatum*, the variegation is entirely distinct, having a rich creamy white band $\frac{3}{4}$ of an inch wide running through the centre of each leaf, margined on each side with rich deep green. 30 cents.

NEW DIEFFENBACHIAS.

Dieffenbachia, Baraquiniiana , a fine vigorous plant with white stems, leaves green, spotted and blotched with pure white.....	50	Dieffenbachia, Leopoldii , a South American plant of re-plendent beauty. The leaves are oblong-ovate, of a rich, deep, lustrous, satiny-green, traversed by a broad and stout ivory-white rib, which is bordered on each side through its entire length with a whitish band, and shows in strong contrast to the color of the leaf surface, producing fine pictorial effect,.....	50
Bausei , it is a stocky-growing broad-leaved variety, with yellowish green leaves, which are irregularly edged and blotched with dark green, and also spotted with white, the marking being particularly effective.....	50	Nobilis , the leaves are of a deep rich green, marked over the central portion to within about an inch of the margin, with largish, angular, irregular and variously confluent white spots, which contrast with the color of the margins and intervening portions.....	50
Bowmanii , very large bright green leaves, blotched and marked with golden green; a grand specimen plant.....	50	Splendens , a plant of great beauty, remarkable for the lustre of its coloring. The stem is faintly mottled with dark and light green. The leaves have a thick ivory-white midrib, and the ground color is of a deep, rich, velvety bottle-green, with a resplendent, lustrous surface, freely marked with whitish striated blotches, which stand out in striking contrast with the dark green ground color.....	50
Brasiliensis , a handsome variety; the ground color of the leaf is deep green, and the whole surface is mottled with small blotches of greenish yellow and white. A beautiful plant.....	50	Weirii , it is of dwarf habit, the foliage of a bright green color, thickly blotched and spotted with pale yellow. This is one of the finest of the <i>Dieffenbachias</i>	50
Eburnea , distinct and very beautifully marked foliage.....	50		
Illustris , a stout-habited stove plant of noble character, with bold and finely-marked leaves. The blade is large, oblong-ovate, distinctly cordate at the base, marked all over with irregular blotches of yellowish green, and with a tendency to become yellow along the course of the principal ribs.....	50		
Picta , a very beautiful foliage plant, leaves a deep green, mottled with white; beautiful, 25 to	50		

*COLUMNEA SP.

An exceedingly pretty epiphyte which we have introduced from Guatemala; grows well on a log with or without moss; it also grows freely in a pot; flowers creamy white covered with minute red spots. 75 cents.

HOYAS.

Hoya, Imperialis , a robust, vigorous growing species, with very large flowers.....	50.	large and freely produced, and the leaves of a shining green color, with dark green veins."— <i>Floral Magazine</i>	50
Globulosa , "the flowers are of a bright straw color, the coronal protuberances white, the interstices of a shining brownish-pink, forming a very pleasant contrast; the trusses		Hoya, Paxtonii , a very beautiful species, similar to <i>Bella</i> , but of freer growth.....	50

BURBIDGEA NITIDA.

This beautiful plant is the type of an entirely new genus with the habit of *Hedychium*. It is a native of Borneo. It produces ten to thirty slender flowering stems, each bearing a panicle of 12 to 20 flowers each. The leaves are of a lively glossy green on both surfaces, and serve to set off the rich orange-scarlet colors of the flowers. Its flowers, of a rich orange hue, render it a very striking stove plant. 40 cents.

NEW TRITOMAS (KNIPHOFIA).—Flame or Torch Flower.

* Tritoma, Caulescens , this is a very distinct plant, rising on a stem with a Yucca-like head of channelled, arching leaves; the flower stem is from two to three feet high, surmounted with an enormous head of brilliant blossoms.....	1 00	* Tritoma, McOwnii , a very beautiful species with orange-scarlet flowers.....	50
* Corallina , a beautiful new plant, flowers very brilliant, coral red.....	1 00	* Saundersii , a vigorous plant; the flower stem is not quite so tall, and the head is conical instead of cylindrical; the flowers are red throughout; a fine addition to the group to which it belongs, and should be included in the most select collections.....	50
* Leichtlini , flowers rich orange vermillion, a very handsome and distinct <i>Tritoma</i>	1 50	* Quartiniana , this also rises on a short stem; the leaves are channelled, arching, rigid, their points touching the ground, and of a glaucous blue color; the flower stem is stout, surmounted by a large head of yellow flowers.....	1 00
* Nobilis , truly called "noble"; a plant of very vigorous growth, throwing up a flower stem six feet high surmounted by a foot-long cylindrical flowerhead of bright scarlet and golden yellow,	50		

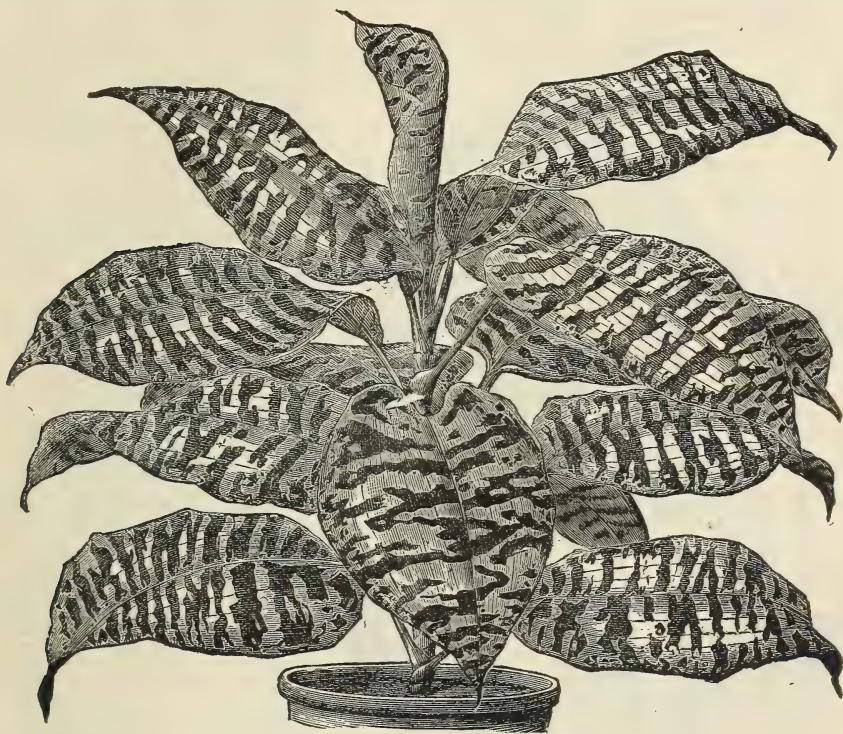

TOXICOPHLÆAS.

**Toxicophlæa, Spectabilis*, a beautiful plant with white flowers. It is extremely floriferous, even in the youngest plants; the flowers are produced in very large corymbs, each flower being of a tubular form with expanded limbs.

Each.
It is very useful for bouquets, being delightfully fragrant as well as beautifully chaste in color. 1 00
**Toxicophlæa, Thunbergii*, another beautiful species with large corymbs of pure white flowers, exceedingly fragrant..... 1 00

**DRACÆNA GOLDIEANA*.

One of the most magnificent ornamental foliaged plants ever introduced, and altogether unique in character and aspect. It is a native of Western Tropical Africa. The plant is of erect habit, and the stems are closely set with stalked spreading leaves, the petioles of which are of a grayish color, terete with a narrow furrow along the upper side, the base being dilated and sheathing the stem. The base of the leaf is cordate-ovate acuminate with a yellowish-green costa, and banded with dark green and silver-gray in alternate straight or furcate bands, the colors being about equally distributed. The back of the unrolled leaves is a pale reddish-purple or wine color, and the stem where visible at the upper joints is of similar hue, the lower parts becoming green. It is, without doubt, one of the finest of all stove plants, and indispensable in all first-class collections. \$1.50 to \$2.50.

DRACÆNA GOLDIEANA.

**CURMERIA WALLISII*.

The leaves are spreading and marked with very irregular dark green maculations, some running out from the green costa and others situated near the edge. The intermediate spaces are furnished with broadish patches of very pale yellowish-green, which in the more matured leaves becomes a greenish-gray. The colors are about equally dispersed, though the marking is very irregular, both as to the size and form of the blotches. \$1.00.

PEPEROMA PROSTRATA.

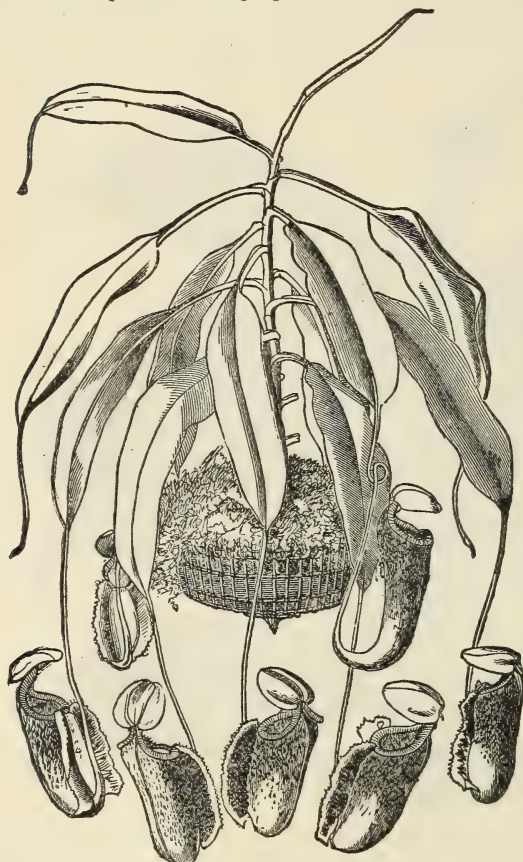

A very ornamental basket plant, with slender, creeping stems, and alternate round variegated leaves. 25 cents.

ARDISIA OLIVERI.

Ardisia Oliveri is a stove shrub of remarkably striking appearance, with recurved foliage and large globular heads of flowers like those of an *Ixora*, but of pink color. The plant was introduced from Costa Rica by the late M. Endres. 40 cents.

NEPENTHES, PITCHER PLANT.

- | | | | |
|--|-----------------|--|-------|
| | Each. | | Each. |
| * <i>Nepenthes, Dominii</i> , a very beautiful pitcher plant, producing its large pitchers freely; color green, marbled and spotted reddish brown..... | 2 50 | * <i>Nepenthes, Rafflesiana</i> , of robust growth, producing very large pitchers of great beauty, which measure from six to twelve inches in length; ground color dark green, mottled and blotched with red. Its handsome pitchers render it a general favorite..... | 5 00 |
| * <i>Gracilis Major</i> , this is a plant of free growth and somewhat compact habit; its pitchers are produced very abundantly; the ground color is dark green, over which is a profusion of dark reddish-brown spots..... | 75 cts. to 1 50 | * <i>Stewartii</i> , a hybrid between <i>N. phyllamphora</i> and <i>N. Hookeriana</i> ; pitchers intermediate in size between the parents, with rather broad ciliate wings in front and a prominent rib behind, deep green densely spotted and clouded with crimson..... | 2 50 |
| * <i>Phyllamphora</i> , this plant is of very free growth, producing in great profusion moderate sized pitchers of a bright green..... | 75 cts. to 1 50 | | |

PITCHER PLANT.

- | | | | |
|--|----------------|---|-----------------|
| * <i>Nepenthes, Morganiae</i> , it is of dwarf neat habit, furnished with smooth, pale green leaves with red midribs. The pitchers are flask-shaped, with two rather narrow ciliate wings; when fully grown are from six to eight inches in length. On the younger plants the pitchers are beautifully mottled with bright red and pale green; in the older plants they are almost self-colored and blood red. The lid is always pale green, offering a remarkable contrast to the richly colored ascidium or urn..... | \$2 50 to 5 00 | * <i>Nepenthes, Lewis</i> , of very free growth, producing its pitchers freely of moderate size, of a bright green color, shaded with reddish brown..... | 75 cts. to 1 50 |
| | | * <i>Hybrida Maculata</i> , it is of free growth, and produces its pitchers in great profusion; they are cylindric, slightly contracted above the middle, and winged, the wings being ciliated; they are stained with purplish red spots of a peculiar tint, by which this variety may be recognized..... | 2 50 |

CRASSULA JASMINEA.

A very valuable and handsome plant, flowers white, resembling a *Bouvardia*, very fragrant. 25 cents.

BIGNONIA MAGNIFICA.

A free growing and extremely floriferous stove plant, of scandent habit. The flowers, which are produced in large branching panicles, are of great size (about $3\frac{1}{2}$ inches across), and of exceedingly attractive color, ranging from delicate mauve to rich deep purplish-crimson, relieved by a conspicuous throat of light primrose color. 50 cents.

PHILODENDRON CARDERI.

The leaves are cordate, broadish, of a dark shaded bottle-green, with a satiny lustre, the principal ribs being marked out by bright green lines of glaucous or metallic hue; at the back the leaves are of a shaded wine purple, the course of the veins being marked by broad green lines. The glossy shaded satiny surface of the leaves imparts to them a wondrous degree of beauty. 50 cents.

ASPARAGUS.---New Species.

Florists will find in these new Asparagus, with their delicately beautiful feathery growths, plants admirably adapted for floral work.

	Each.		Each.
* Asparagus, Plumosus , an elegant evergreen climber with slender stems, smooth and numerous spreading branches; the white flowers are produced from the tips of the branchlets. It is an exceedingly handsome ornamental plant for the greenhouse or conservatory, and its pretty feathery growths are extremely useful for cutting for decoration. This is the finest species for florists—much more valuable than the dwarf variety.....	50	Asparagus, Plumosus Nanus	
		Tenuissima , another very graceful and beautiful species, of free growth, with filmy foliage; the stems of all these asparagus stand without withering after being cut for a long time.....	25
		* Virgatus , of shrubby habit, elegant and feathery. Root-stock emitting several stems, the upper part of which branch in a corymbose manner; branches sub erect, again twice branched; a feathery, graceful plant.....	30 to 50

ALPINIA ALBO-LINEATA.

A very striking and beautifully variegated plant, 3 to 4 feet high when fully developed. The leaves are 9 to 12 inches long, elliptic-lanceolate, pale green, marked divergently with broad bands of white and pale green. This is a grand addition to our ornamental plants, and makes a fine contrast intermixed with other foliage plants. 40 cents.

ARTOCARPUS CANONNI.

A tropical plant of exceedingly ornamental foliage of a rich bronzy-crimson tinted with purple above, beneath of a vinous red, about 1 foot long and 7 inches broad; very variable. 50 cents.

NEW PANAX.

Panax, Liciniatum , an elegant and very distinct plant. The leaves are tinted and indistinctly marked with pale olive-brown, and form a rather complicated mass of narrow segments; they are bipinnate, nearly as broad as long, and have a drooping contour; and the pinnules or segments are very variable in size and form, presenting the appearance of a complex head of foliage.....	30	Panax, Victoriae , a distinct and very graceful stove plant, thickly furnished with leaves of a remarkably elegant character, forming a gracefully recurving mass of pleasing variegated foliage. It is a native of the South Pacific Islands, and is one of the most lovely and elegant variegated plants of modern introduction.....	75
---	----	---	----

CLIDAMIA VITTATA.

A splendid foliage plant, having large green leaves with a light band down centre of the leaf, of easy culture and rapid growth. 40 cents.

NEW CROTONS.

Croton, Baron James de Rothschild , one of the finest of the large-leaved section, with yellow midrib, changing to a rich violet crimson; very effective and showy.....	50	Croton, Carrieri , a superb Croton, with large finely variegated foliage.....	75
Caudatus-Tortilis , a beautiful Croton with gracefully pendulous twisted leaves. Some of the leaves are deep olive-green, with a golden-yellow central band and crimson midrib; others are almost wholly yellow which becomes suffused with crimson by age, while others again are spotted and blotched in various ways.....	1 00	Cronstadii , a glossy green variegated with bright golden-yellow. They are twisted, curled and crisped into a great variety of forms. The depth and richness of its coloration, together with its curiously decorated leaves, renders this Croton a most distinct and interesting decorative plant.....	75
Chrysopœsilus , the leaves are from 8 to 10 inches long and about $2\frac{1}{2}$ inches broad. The foot-stalks and midribs are pale canary-yellow, which is also spread over the blade on each side of the midrib in irregular bands, in some cases to two-thirds of the length of the entire leaf, in others more, and in others again less, the remainder deep olive-green.....	1 00	Elegantissimus , one of the most charming and elegant varieties yet offered. The leaves are narrow and of considerable length. The variegation is of a rich bright golden color, frequently occupying the whole basal half of each leaf, but sometimes extending along the centre and occurring in distinct blotches, and this, contrasting strongly as it does with the bright red tint of the petioles, produces a very pretty effect.....	1 50
Challenger (Imperator) , the variegation is very striking. The midribs are at first creamy-white, which gradually become suffused with red, finally deepening to bright crimson-carmine.....	50	Nevillei , when first expanded their midribs are bright golden yellow, and the blades light olive green barred and marked with yellow. In the mature leaves, the yellow is changed to crimson shaded with orange.....	50

	Each.		Each.
Croton, Evansianus , the newest leaves are light olive-green, with midrib and veins of golden-yellow, and the interspaces spotted with the same color. As the leaves become older, the green deepens and changes to a bright bronzy-crimson, and the golden-yellow of the midribs, veins and spots become a rich orange-scarlet.....	50	Croton, President , a charming new Croton, with foliage broadly variegated with golden-yellow.....	1 00
Fasciatus (Hendersonii), a very deep green, the principal veins being marked by bright yellow lines, interlacing near the edge, where, near the point, the surface is chiefly yellow, with irregular small green spots. The midrib forms a brownish-yellow band.....	50	Macarthurii , the color is constant, but the markings on the different leaves are as varied as the forus assumed by the leaves themselves. The variation, fully one-half of which is yellow, is very striking. The midribs are yellow, and are spotted, blotched, flaked, and barred in infinite variety.....	50
Hanburyanus , a bright olive green in several shades, is, in many leaves, quite subordinate to the rich golden yellow and rosy crimson that suffuse the whole plant. All the leaves are beautifully marbled and blotched with these tints.....	50	Princess of Wales (Glorious) , this is one of the long leaved drooping forms of Croton. Leaves sometimes plain and sometimes strongly undulated. The ground color is green, and the variegation creamy-yellow, very variable in character. In some there is a creamy-yellow midrib, with a band on each side.....	50
Hawkeri , of dwarf and compact habit. The middle and lower portions of the leaves, together with the footstalks, are light creamy yellow which spread over the greater part of the leaves, the extremities with the edges of the leaves are green.....	50	Queen Victoria , the ground color of the leaf is rich golden yellow, beautifully mottled with green; the midrib and the primary veins are of a rich magenta color, changing with age to a vivid crimson; the margin of the leaf is unevenly banded with carmine.....	50
La Dame Blanch , a very beautiful variety with long undulating foliage; the variegation is white, which marks it as distinct from other Crotons.....	50	Variabilis (Falcatus) , a robust variety. It has long leaves, marbled and blotched with different shades of yellow, orange and crimson. The leaves both in color and shape, are very variable; some are straight, others recurved, falcate or often distorted, their surface being either smooth or undulated.....	50
Lancifolius , the leaf is dark green, the midrib, margins and veins pale yellow, which, as the plant attains its character, becomes reticulated with bright rosy pink; the whole of the leaf presenting a very charming mosaic appearance.....	50	Williamsii , this is one of the red-tinted series, very strongly flushed with violet crimson. The leaf has a central band and costa of yellow, from which the pinnate veins of the same color branch out on either side. These veins all change to deep crimson and the whole plant becomes flushed with a glowing tint of crimson, shaded with violet.....	50
Prince of Wales , the leaves are about 24 inches long. The midribs are light yellow with a broad band of the same color on either side; the remainder of the blade is light olive-green profusely spotted and marbled with yellow.....	50	Extra size plants of the above Crotons can be supplied at extra prices.	

BERTOLONIAS.

* Bertolonia, Van Houttei , has the leaves of a rich olive velvet ground color, traversed broadside by large bars of beautiful magenta red, and dotted all over with thousands of spots of the same color. The description will		however, give only a slight idea of the real beauty of this plant.....	50
		* Bertolonia, Guttata , leaves dark green, profusely dotted with rose colored spots, a charming plant.....	50

GOODYERAS.

* Goodyera, Dawsoniana , a very beautiful plant. The leaves blackish-green on the upper side, and very glossy, with lines of beautiful golden purple traversing from the base of the apex; flowers white.....	2 00	* Goodyera, Discolor , a beautiful plant, grows about six inches high; foliage a beautiful dark velvety color, with white markings through its entire length; flowers white.....	50
--	------	---	----

LAURESTINUS.--Viburnum Tinus.

* Laurestinus, Splendens , a variety of Laurestinus, with magnificent large flowers. A good grower and a free bloomer.....	50	* Laurestinus, Pure White , the flowers of this variety are pure white.....	50
---	----	--	----

PHYLLANTHUS ROSEA-PICTUM.

This variegation is exceedingly rich and varied, no two colored leaves showing precisely the same markings with like tints. Many of the leaves are bright crimson, which is also the color of the stem during the early stage of growth; some are a light cream color, tinged with a delicate blush, others again have a dark bronzy hue, shaded with crimson; some are dark green with blotches and spots of rose, while others are tri-colored, white with different shades of rose and green. 40 cents.

DICHORISANDRAS.

* Dichorisandra, Mosaica , an extremely handsome plant, of dwarf habit; leaves large, ground color of the upper side rich, deep shining green, traversed with an innumerable quantity of parallel transverse fine white lines; the upper side is of a uniform deep purple. It also produces lovely rich azure flowers.....	1 00	Dichorisandra, Thyrsiflora , a very fine species, flowers in a thyse of rich azure; magnificent species.....	75
		Undata , very different from D. Mosaica, producing large ovate leaves, very dark green in color; the midrib and veins are of a lighter green, which gives the leaves a striped or marbled appearance.....	50

HIBISCUS CARDIOPHYLLUS, (New).

I have the pleasure of offering this extremely beautiful Hibiscus, which I have received from southwestern Texas. In habit it resembles an Abutilon. My plants were bedded out the past summer and succeeded admirably, flowering profusely during the season. The flowers are bright scarlet, over two inches across, which makes it a very striking plant. A sterling novelty. 25 cents.

NEW FERNS.

ADIANTUMS.

	Each.		Each.
* Adiantum, Aneitense , a very elegant free-growing species of Maiden-hair Fern, introduced from the Island of Aneiteum. The numerous segments of which the fronds are made up are rhomboidal, nearly sessile, firm in texture, with a glabrous surface subglaucous beneath, the roundish reniform sori are borne in the centre of the lobes. It is a distinct and ornamental evergreen Stove Fern.....	1 00	* Adiantum, Lathomi , in the way of <i>A. Ghiesbreghtii</i> , but with a drooping habit. Fronds 2-3 feet high, drooping somewhat. The larger pinnules 1-1½ inches long, trapeziform, lobed on the margin. An exceedingly graceful and beautiful Fern.....	1 00
* Bausei , a hybrid variety between <i>A. Trapeziforme</i> and <i>A. Decorum</i> ; in size intermediate between the two. Its peculiarity is the drooping position of the pinnules; in the form of its pinnules it also differs from any other known Fern.....	75	* Legrandii , a pretty dwarf Fern, with small triangular fronds densely set with overlapping pinnules. Handsome compact habit, very distinct.....	1 00
* Cuneatum Deflexum , it was raised between <i>A. cuneatum</i> and <i>A. Bausei</i> , the latter also a so-called hybrid Fern. "The plants are dense and compact in growth, on which account they are well adapted for grouping in small baskets and jardinettes. Their bright and cheerful green color adds much to its value as a decorative Fern....."	75	Ludemannianum , a remarkable variety; the peculiarity consists in the pinnules being crested or agglomerated at the extremities of the stipes and their rachides; they are also much crisped and curled. Fronds erect from 8 to 12 inches high.....	1 00
* Cuneatum Grandiceps , it differs from the species in several striking particulars. It is more robust in habit, the fronds are more elongated, the pinnae also terminate in similar but smaller branchings, and these by their weight give the fronds an elegant arching habit.....	1 00	Pacottii , an elegant Maiden-hair Fern, 4 to 6 inches high, with elongate triangular, tripinnate fronds, with densely set pinnae and pinnules; pinnules broadly cuneate and deeply cleft.....	75
* Collisii , a beautiful Fern allied to the well-known <i>Adiantum tenerum</i> , but far superior to it as a decorative plant. The stipes are slender, erect, lustrous ebony-black, 12 to 18 inches high, when they become much branched. As distinguished from <i>A. tenerum</i> , the fronds are more numerous, somewhat taller and much more branched, giving the plant a far more elegant contour.....	1 50	* Rhodophyllum , a most distinct and beautiful Fern. The fronds are densely crowded, and attain a height of 15 to 18 inches. When first developed the young pinnules are crimson; they gradually change with age to a rosy fulvous green, and finally to a soft pale green.....	1 00
* Dolabriforme , a beautiful evergreen Adiantum; fronds elongated, pinnate proliferous pinnules dolabriform. An exceedingly graceful Fern.....	50	* Victorise , a handsome decorative Fern of dwarf densely tufted habit. Pinnules large, bluntly deltoid from a truncate base, or subrhomboidal deeply lobed. Sterile lobes serrate. Sori oblong or reniform at the apex of the lobes. Garden Hybrid.....	75
* Farleyense , <i>Alcicombe</i> , an exceedingly distinct and handsome variety of this beautiful Fern.....	1 50	* Weigandii , a very pretty and novel Maiden-hair Fern, neat in habit, having the compact bunchy style of growth of <i>A. Decorum</i> . We regard this as a very distinct Fern, one of a pleasing character.....	50
		* Williamsii , the New Golden Maiden Hair. This splendid novelty is destined to become a general favorite, and for cutting purposes its value cannot be overestimated. It succeeds well in a greenhouse temperature. It is in every respect quite as free and hardy as <i>A. Cuneatum</i>	1 00
Asplenium Nobilis , this is a graceful Fern, with light lace-like pinnae and arched fronds which somewhat resemble those of <i>A. Viviparum</i> or <i>A. Lineatum</i>	50	* Gymnogramma Schizophyllum , a very beautiful and distinct Stove Fern. The frond is about two inches broad, very finely cut. A remarkable peculiarity in this <i>Gymnogram</i> is seen in the furcation of the rachis at about two-thirds of its length, and where it is proliferous, every frond producing a young plant at the point of furcation. One of the most attractive of Ferns.....	50
Lastrea Richardsii Multifida , the plant has fronds 3 feet high, including the stipes, which are a foot long, numerous developed from a short decumbent caudex. Its bright green color and the broad-crested apices with their numerous narrow divisions give this plant a singularly elegant character.....	25 cts. to 50	Microlepia Hirta Cristata , a very beautiful new crested Fern from the South Sea Islands. Its habit is exceedingly graceful; it is of free growth, admirably adapted for specimens, baskets, &c.....	30 cts. to 50
Nephrolepis Duffi , a beautiful and distinct Fern. The fronds are densely crowded, from 15 to 18 inches long, pinnate and much crested. The pinnae, which are small, are produced in pairs, one overlaying the other, those above being largest. Compact elegant habit.....	30 cts. to 50	Osmunda Japonica Corymbifera , a very distinct and beautiful Japanese Fern of dwarf habit. The fronds are clustered; their stipes are erect or sub-erect, quite smooth, slender, and of a bright rosy-pink color. They rise to a height of about 4 inches, and support leafy expansions of deltoid or triangular outline that bend away almost horizontally in all directions.....	1 00
* Pleopeltis Fossa , its pretty arching habit of growth and comparatively small size make it a very suitable object for suspending from the roof of the Stove Fernery, and its durable leathery evergreen fronds give it a peculiar distinctness of character.....	1 00		

GLEICHENIAS.

	Each.		Each.
* <i>Gleichenia, Dicarpha</i> , the color of the younger and fresher-looking fronds is a dark green, with a kind of metallic or bluish tint, and the under side is glaucous.....	2 50	* <i>Gleichenia, Flabellata</i> , a distinct and fine species, makes a strikingly beautiful plant.....	2 50
* <i>Rupestria Glaucescens</i> , a very distinct form of <i>G. Rupestris</i> . The fronds are of a much thicker texture and very glaucous on the surface, changing with age to a bright glaucous green. A very effective variety.....		* <i>Dichotoma</i> , a very handsome species, makes a nice specimen plant.....	2 50
* <i>Semivestita</i> , a very pretty compact free growing species, makes a handsome specimen plant.....	2 00	* <i>Mendellii</i> , this is one of the most distinct and free-growing kinds. It is a very compact growing species, requiring cool treatment. The pinnae are of a thick texture, and very glaucous on the under side.....	
		* <i>Speluncæ</i> , a distinct and beautiful species, makes a charming specimen plant.....	

ARALIAS.

* <i>Aralia, Amboinense</i> (<i>Sciadophyllum pulchrum</i>), a very ornamental plant with large, bright green shining foliage. A grand decorative plant.....	1 50	<i>Aralia, Guylfoylei</i> , the leaves are made up from three to seven-stalked oblong-elliptic bluntish leaflets. These leaflets vary in size from two to three inches long, and evenly margined with creamy white, the surface being in addition occasionally splashed with gray.....	25 cts. to 40
* <i>Elegantissima</i> , a beautiful plant with straight erect stem, furnished at short intervals with digitate leaves on long foot-stalks, mottled with white on a dark green ground; the leaflets, from seven to ten in number, are filiform, deeply and unequally serrate and gracefully pendulous. The color of the foliage is a deep green shaded with brown.....	1 00	* <i>Reginæ</i> , as the name implies, it is truly the Queen of Aralias. It is of a larger habit of growth than the <i>Veitchii</i> section; the leaf branches are more closely set, and the habit of growth is very graceful. The stem and petioles are beautifully freckled, the palmate divisions of the stalk are fine, smooth and of a uniform green. This must take first place amongst table decorative plants.....	1 50
<i>Filicifolia</i> , a plant of the first rank, graceful in habit, and well furnished with foliage, altogether one of the most valuable decorative plants. The stem and leaf stocks are purplish, marked with oblong white spots; the leaf stocks are sheathing at the base, expanding into a broad leafy limb.....	40	<i>Sieboldtii</i>	25 cts. to 50
<i>Reticulata</i> , a very distinct species of free growth; a fine decorative plant.....	50	* <i>Veitchii</i> , a very elegant plant from the South Sea Islands, producing very narrow digitate leaves, considerably undulated; upper surface deep green, under, dark crimson. One of the most beautiful decorative plants in cultivation.....	1 00

PHYGELIUS CAPENSIS.

This pretty *Penstemon*-like plant I have found quite hardy, it having passed several winters out doors without protection. It grows from 3 to 4 feet high, and has numerous semi-herbaceous stems, each terminated by a long branching raceme of flowers, which are brilliant scarlet. It is a most persistent flowerer, beginning in May or June and continuing up to frost. This is one of the most ornamental hardy plants in cultivation.—*Garden*. 40 cents.

SALVIA GREGGII.

A pretty new species which I have introduced from Texas. This has long spikes of brilliant cherry; a continuous bloomer, very compact habit, and nearly or quite hardy in this latitude. 25 cents.

ANASACANTHUS WRIGHTII.—New.

A new plant which I have received from south-western Texas. This shrub attains a height of four to five feet, bushy, flowers orange, a continuous bloomer, nearly or quite hardy. 30 cents.

SONERILA HENDERSONII.

A charmingly variegated plant, of dwarf habit. Its leaves are most elegantly studded over with silvery white pearl, or tiger-like spots upon a rich dark olive-green ground. Flowers rosy lilac. This beautiful plant proves far easier in its management than any of the former species of *Sonerila*. We have found this plant a profuse bloomer during the winter. 30 cents.

PHYLLOTÆNIUM LINDENI.

A fine Aroid discovered by Mr. G. Wallis, in New Grenada, and sent by him to M. Linden, of Ghent. The plant has robust foliage, which is very persistent; the leaves are of a light glossy green, marked by bands of white, which cross the blade in almost parallel lines from a prominent midrib of the same color. \$1.00.

SENECIOS.

<i>Senecio, Speciosus</i> , the exceedingly bright and pretty magenta-colored flowers of this plant make it very attractive; it is a half hardy perennial introduced from South Africa, and is exceedingly floriferous, so much so that in a cool greenhouse its cheerful blossoms are successively produced throughout the year; they are each about one and a half inches in	diameter, and are produced in large branching corymbose spikes.....	75
	<i>Senecio, Pulcher</i> (<i>Beautiful Groundsel</i>), a half hardy perennial, a pretty plant, with rosy-crimson flowers, very showy, flowers late in summer. Figured in American Agriculturist.....	30

VERONICAS.---Shrubby.

	Each.		Each.
<i>Veronica, Reine des Blues</i> (new), very beautiful spikes of blue.....	25	<i>Veronica, Gloire de Marseilles</i> , blue.....	25
<i>Gracieuse</i> , carmine.....	25	<i>Nuee Bleue</i> , azure blue.....	25
		<i>Reine des Roses</i> , spikes of beautiful rose color,	25

VERONICAS.---Herbaceous.

<i>Veronica, Hendersonii</i> , a new species introduced from Japan, growth about two feet high, robust habit, foliage broad, of a deep rich green, dense and abundantly produced. The flowers are very large, rich deep violet blue, produced in large cluster heads composed of many spikes;		the finest of the herbaceous section of <i>Veronics</i>	50
		<i>Veronica, Elegans Variegata</i> , a very beautiful hardy herbaceous plant, with elegantly variegated foliage, long spikes of blue flowers.....	25

TECOMA STANS.

A very fine plant, from southwestern Texas, has succeeded finely bedded out with us during summer. The flowers are a rich yellow, and very floriferous. A superb plant for the South. 50 cents.

APHELANDRA FASCINATOR.

A very fine species, with very ornamental foliage as well as magnificent flowers; the leaves are rich dark green, beautifully banded with silvery white, and underneath of a uniform purplish velvet; the spikes of bloom are very large and of a dazzling vermilion color. 40 cents.

CANNAS, (New).

<i>Canna, Ehemanni</i> , the most distinct of all Cannas on account of the large oval Musa-Ensete-like soft green leaves, which place it foremost among decorative foliage plants. Its most striking feature is the splendid carmine-red flowers produced on flower stems of great length, that unfold about 12 flowers to each of the smaller branches.....	30	<i>Canna, Nouttoni</i> , this very distinct and fine <i>Canna</i> is closely allied to the last. Like it the foliage is large and fine. The flowers are also very large and showy, of a bright scarlet; a grand <i>Canna</i>	30
<i>Gladioliflora</i> , flowers deep amber or orange colored, which are very large; foliage a deep blue-green, very distinct.....	30	<i>Adolph Weick</i> , very dwarf compact habit, flowers of a rich crimson-scarlet, shaded with orange, foliage rich pea-green. One of the dwarfest and most free flowering in cultivation.....	30

CAMPYLOBOTRYS GHIESBRIGHTI VARIEGATA.

A pretty variegated variety of this beautiful plant. 25 cents.

POSOQUERIA LONGIFOLIA.

This plant forms an elegant bush, and is very free flowering. Leaves large, somewhat ovate, coriaceous, and shining green; flowers tubular, pure white, produced in large corymbs of a dozen and more, waxy-like, from 3 to 4 inches long, and deliciously fragrant. 50 cents.

PAULINIA THALICTRIFOLIA.

A very beautiful plant. It is of a slender growth, producing very freely its beautiful cut leaves, which resemble the fronds of a highly divided Maiden-hair Fern. The matured leaves are of a striking bright green, the young shoots and foliage being of a beautiful rosy tint. 25 cents.

ERIOCHEMA MARMOREUM.

Plant dwarf, with habit of some of the Begonias, leaves green, striped with bands of white; a beautiful plant. 50 cents.

*BRIDGESIA SPICATA.

An evergreen greenhouse creeping shrub, adhering to walls similar to Ivy; beautiful bloomer. 40 cents.

*CYANOPHYLLUMS.

* <i>Cyanophyllum, Spectandum</i> , a grand plant with large velvety leaves and whitish ribs, which grow to an immense size and are very attractive. A fine plant for flower shows, fairs, &c., as it makes a beautiful specimen. 50 cts. to 1 00	* <i>Cyanophyllum, Assamicum</i> , a very beautiful foliage plant, large fine foliage.....50 cts. to 1 00
	* <i>Magnificum</i> , a grand specimen plant, having large, beautiful foliage.....75 cts. to 1 00

*SPHÆROGYNE LATIFOLIA.

A plant with the grandest possible foliage, large, broad and flat, deep green on top, under side cinnamon-brown; very hairy leaves and stems; a grand specimen plant. One of the most attractive for exhibition. \$1.00 to \$2.00.

NEW SALVIAS.

Each.	Each.
Salvia, Amabilis, deep violet, shaded porcelain-blue and white. Very free bloomer.....	10
Bethelii (Involucrata), bright rosy-pink tipped with white, extra fine.....	10
Cacalifolium, flowers rich blue.....	10
M. Issanchon (new), flowers pure white, calyx white striped, very fine.....	10
Mrs. Mitchell, crimson-purple, very distinct....	10
Rutlans (new), magenta flowers, fine.....	10
Salvia, Nigrescens, flowers of a blackish-violet and lavender colored calyx.....	10
Splendens Bruantii, a dwarf growing variety, producing fine large flowers of a velvety-red color.....	10
Hoveyi (Ianthina), habit and general character of S. Splendens, but with dark blue flowers.....	10
Mrs. Stevens, flowers a deep crimson.....	10

NEW ABUTILONS.

Abutilon, Incentlie (new), bright crimson purple, veined carmine.....	25
A. Besson (new), bright red, compact habit, full bloomer.....	20
Canari, rich canary.....	25
Chinois (new), beautiful orange salmon, large profuse bloomer.....	20
Comtesse de Greffhe (new), a superb white flower.....	20
Edouard Layeillon (new), deep rich golden yellow, flushed with rose.....	20
Firefly, compact habit, flowers brilliant red....	20
King of Roses (new), flowers rich deep rose, of great substance.....	20
Louise Deleaux, purest white, dwarf habit....	25
Le Rhone, orange-crimson striped with maroon....	25
Abutilons, Lustrous (new), freely produces well-shaped bright red flowers.....	20
Mdlle. Anaire, flowers large, purest white....	20
Modeste (new), bright red, veined with crimson, fine.....	20
Ne Plus Ultra, rosy crimson, veined light....	20
Purity, flowers of the purest white.....	20
Royal Scarlet Flower, (new), very bright....	20
Scarlet Gem, produces its brilliant red flowers when only a few inches high.....	25
Solfatar, sulphur yellow.....	25
Toison d'Or, color deep bright yellow, a very fine variety.....	15
Thompsoni plena, double flowers, orange-shaded and streaked with crimson.....	15

NEW EULALIAS.

Eulalia, Japonica Variegata, leaf long, variegated. The flower stems are from 3 to 4 feet high, very reed-like, and produce loose panicles of flowers. The panicles are hairy and erect untidied, when they become elegantly curled, closely resembling "Ich dien" feathers.....	25
Japonica Zebrina, the variegation in this lovely grass is across the leaf instead of longitudinally. It grows from four or five feet in height, is a most strikingly graceful plant. Its flower spikes are equally beautiful and valuable as E. Japonica.....	25
*Eulalia, Gracillima Univittata, a new and extremely beautiful Eulalia; long narrow graceful foliage variegated with white.....	1 00

PAMPAS GRASSES.—Gynerium Argenteum.

*Pampas Grass, Album Variegata, white variegated Pampas Grass. This beautiful grass has all the grace and elegance of G. Argenteum, and flowering quite as freely; add to this its graceful foliage striped with silvery white.....	1 00
Argenteum, the well-known Pampas Grass, with long graceful foliage, which gives off in autumn its beautiful silvery plumes.....	25
*Stenackeri fol Variegata.....	1 00
*Wesselingi Variegatum, a very beautiful variegated grass.....	1 00
*Pampas Grass, Elegans, a very vigorous and beautiful variety.....	50
*Elegans Niveo-vittatis, another very elegant Pampas Grass, handsomely variegated.....	1 00
*Aurea Variegata, gold variegated Pampas Grass. Another beautiful variety, similar in its graceful habit to the last, but in this the foliage is striped with a deep yellow; a charming variety.....	50 cts. to 1 00
*Monstrosum, very robust in growth.....	50
*Roi des Roses, foliage striped with rose.....	1 00

NEW POINSETTIAS.

Poinsettia, Alba, flowers white.....	50
Pulcherrima Plenissima (new Double Poinsettia), this magnificent plant is remarkable for its floral bracts, the size of the heads in which they are produced, and their marvellous brilliancy of color. The whole inflorescence is full and rosette-like, and of a most vivid and brilliant scarlet color.....	25 cts. to 50
Poinsettia, Pulcherrima Major, an improvement on the old species, both in the size of the individual bracts, and also in the far larger heads, which are of a bright scarlet, tinted with violet cerise.....	25 cts. to 50
Rosea-Carminata, in this fine variety the heads of bracts are larger, smooth, and of a brilliant rosy carmine.....	25 cts. to 50

FICUS.—India Rubber Tree.

Ficus, Australis, foliage, a pretty ornamental plant.....	40
Elastica, India Rubber Plant. Fine large shining foliage; a fine decorative plant.....	60
Variegata, see Novelties.	
Macrocarpa, a free growing shrub, with smooth terete stems and coriaceous glossy ovate-oblong entire leaves, five to six inches long and three inches broad.....	30 cts. to 50
Ficus, Lucida, leaves bright green, shining.....	30
Parcelii, a splendid decorative plant with beautifully variegated foliage. The leaves, which are of large size, thin texture and coarsely serrated on the margins, are of a bright green color, profusely but irregularly blotched with creamy-white and dark green.....	40
Rubiginosa.....	40

YUCCAS.

Yucca, Alæfolia Variegata, we received a special premium for a fine specimen of this plant from the Maryland Horticultural Society. Leaves green, broadly striped and banded with yellow; a beautiful variegated plant.....	50 cts. to 1 00
*Yucca, Quadricolor, the foliage of this is long, recurved and beautifully variegated; a very fine plant.....	1 00

MARANTAS.

	Each.		Each.
<i>Maranta, Amabilis</i>	30	<i>Maranta, Micans</i>	30
<i>Argyrea</i>	30	<i>Porteanna</i> , this is a vigorous-growing species, with fine large foliage feathered with white.....	30
<i>Baraquirii</i>	30	<i>Princeps</i> , this plant attains a height of from 3 to 4 feet, the blade of each leaf measuring upwards of a foot in length. Centre dark metallic margined with light green.....	30 cts. to 50
<i>Bicolor</i> , deep green marked with dark brown....	30	<i>Pulchella</i>	30
<i>Goveniana</i>	30	<i>Regalis</i> , very beautiful, with fine foliage distinctly and finely marked.....	50
<i>Illustris</i> , a beautiful marked species, with leaves of a rich lustrous green, being a rival to <i>M. Lindenii</i> and <i>M. Veitchii</i> , assuming the habit of <i>M. Rosea picta</i> whilst young. Towards maturity the tracery changes to a broader white one within the margin.....	50	<i>Rosea picta</i> , very beautiful foliage.....	50
<i>Legrelliana</i>	50	<i>Sanguinea</i>	30
<i>Lietzei</i>	30 cts. to 50	<i>Tubispatha</i> , an elegant and very attractive species of erect habit of growth. Leaves some 9 or 10 inches long, light green, ornamented on each side the midrib with oblong blotches of cinnamon-brown.....	30 cts. to 50
<i>Lindenii</i> , foliage very dark, with a golden feather along its centre. A fine species.....	50	<i>Undulata</i>	30
<i>Lubersi</i> (new), a very handsome species, foliage reticulated with yellow. Makes a handsome specimen plant.....	50	<i>Van Den Hecke</i> , leaves dark, satin-like, embellished by a large central line, surrounded by a silver disc.....	30
<i>Massangeana</i> , a very distinct dwarf species. The variegation consists of three distinct colors. The midrib veins and middle portions of the leaf are silvery white, faintly tinged with bluish-green, then a broad band of blackish hue, the whole being surrounded by a belt of bright green, margined with a thin line of a lighter shade.....	50	<i>Veitchii</i> , the leaves of this grand plant are upwards of 12 inches in length; the under surface of a rich purplish wine color, the upper of deep, shining green, blotched with conspicuous patches along each side of a yellowish-green, almost verging on gray. The contrast is very marked and the whole plant very beautiful.....	75 cts. to 1 00
<i>Makoyana</i> , a very ornamental dwarf-growing species. Leaf stalks slender, reddish-purple, blade of the leaf ovate, ground color olive-green, beautifully and regularly blotched with creamy-yellow of a transparent character. On each side of the midrib are oblong dark-green blotches, whilst the under side is rosy-red.....	50	<i>Virginalis</i> , fine broad foliage, midrib has a broad band of white; a very fine plant.....	50
<i>*Musaica</i> , a very beautiful new species.....	1 50	<i>Wagnerii</i>	30
		<i>Warscewiczii</i>	30
		<i>Zebrina</i>	30

PANDANUS.—Screw Pine.

<i>Pandanus, Javanica Variegata</i> , this variegated Screw Pine is well known as one of the finest decorative plants; leaves green, with broad stripes of pure white, gracefully curved; very beautiful.....	50 cts. to 1 00
<i>Utilis</i> , Screw Pine; very fine decorative plant, with recurved graceful foliage.....	25 cts. to 1 00
<i>Veitchii</i> , this splendidly variegated Screw Pine is one of the most attractive plants. The leaves, which are of a light green color, beautifully marked with broad stripes and bands of pure white, are most gracefully curved, which elegant habit of growth renders the plant extremely effective.....	50 cts. to 1 00

PANDANUS.

PHORMIUM.—New Zealand Flax.

<i>*Phormium, Atropurpureum</i> , a very desirable species; habit the same as <i>P. Tenax</i> : leaves reddish-purple. This makes a distinct decorative plant for the conservatory, and a fine subject for the sub-tropical garden; a distinct and beautiful plant.....	1 00 to 2 00
<i>*Colensoi Variegatum</i> , this beautiful plant has fine, broad, erect, pointed, dark-green leaves, elegantly banded at the margin with one or sometimes with two conspicuous stripes of creamy-white. It has the same mode of growth as <i>P. Tenax</i> , but is altogether distinct, while its more erect habit gives it quite a distinct appearance.....	1 00 to 2 00
<i>*Purpurea Nigro-Limbata</i> , a distinct form of New Zealand Flax, having erect leaves of a glaucous green, the margin having a well-defined bar of blackish-purple. The points of the leaves are split down for some distance, both sides of each of the divided portions having the blackish-purple margin.....	1 00 to 2 00
<i>*Phormium, Cooki Variegatum</i> , an elegant, somewhat dwarf-growing plant; leaves green, beautifully striped with golden-yellow. Native of New Zealand.....	1 00 to 2 00
<i>*Veitchii Variegatum</i> , this is a finely variegated form of the well-known New Zealand Flax. The leaves are of the same size as the species, with conspicuous broad stripes of creamy-white running out their whole length, and contrasting well with the light shining green ground color. It is a truly noble plant.....	1 00 to 2 00

CLERODENDRONS.

<i>Clerodendron, Balfourii</i> , a beautiful climbing species, which blooms profusely on the young wood, flowers scarlet and white.....	25
<i>Coronaria</i> , a very desirable plant, flowers double, white, very fragrant, fine for bedding out,.....	25
<i>Clerodendron, Thompsonii</i> , a very beautiful climbing stove plant, with crimson flowers, free, vigorous grower and profuse bloomer.....	25

DIPLADENIA, (Echites.)

	Each.		Each.
* <i>Dipladenia, Amœna</i> , flowers of a soft pink color suffused with rose, somewhat resembling <i>D. Splendens</i> , but in every respect a great improvement on that variety, being of superior form, the lobes being stiff and round instead of reflex and pointed.....	75	* <i>Dipladenia, Brearleyana</i> , this splendid variety of <i>Dipladenia</i> is one of the best exhibition plants extant. Its superbly colored flowers, which are of the largest size, opening pink and changing to the richest crimson color. They have this remarkable peculiarity, that the color increases in intensity with the age of the flowers.....	1 50
* <i>Amabilis</i> , a very beautiful species, bright rosy-carmine, a good grower and free bloomer.....	1 00	* <i>Hybrida</i> , a very floriferous variety; flowers resembling <i>D. Insignis</i> , both in color and form, but are produced in much greater profusion.....	1 00
* <i>Bolivienensis</i> , a very free flowering white <i>Dipladenia</i> . In habit it is very compact, producing an abundance of flowers in a much smaller state than almost any other species. The foliage is medium in size and of a light glossy green color. The flowers pure white, with a distinct yellow centre.....	1 00	* <i>Splendens Magnifica</i> , very vigorous grower, flowers rosy-pink, large, beautiful.....	1 00

LAPAGERIAS.

* <i>Lapageria, Rosea</i> , an extremely beautiful climber, with large rosy crimson bell-shaped flowers.....	2 50	* <i>Lapageria</i> , a beautiful variety of the last, with numerous large bell-shaped flowers of the purest white.....	5 00
--	------	--	------

JASMINUM, SAMBAC.--(Arabian Jasmine).

<i>Jasminum, Duchesse d'Orleans</i> , flowers double, white, like miniature white roses, deliciously fragrant, a very valuable plant.....	25	<i>Jasminum, Trifoliata</i> , another fine variety, flowers white, like miniature roses, deliciously fragrant.....	30
<i>Grand Duke</i> , flowers double, white, like miniature white roses, deliciously fragrant, similar to the above, but distinct.....	25	<i>Hirsutum (single)</i> , a very free flowering winter blooming species.....	50
<i>Grand Duchesse de Tuscany</i> , flowers double, white, like miniature roses deliciously fragrant in the style of the two preceding; very fine....	25	No plants can be more beautiful or fragrant than these; blooming freely through the summer. All who grow choice plants should possess them.	

IXORAS.

<i>Ixora, Amabilis</i> , of vigorous and compact habit, deep orange salmon, well formed flowers, borne in large trusses, which are produced in great profusion.....	50	* <i>Ixora, Prince of Orange</i> , this variety is distinct in color from any other, and is a valuable addition to this ornamental genus. It is of free, compact habit, flowers rich orange red, tinged with violet toward the centre, and produced in large and dense terminal corymbs.....	50
* <i>Colei</i> , a cross between <i>I. Coccinea</i> and <i>I. Alba</i> , having the strong, free robust habit and large foliage of the former, and the pure white flowers of the latter.....	1 00	* <i>Fraseri</i> , a most effective and beautiful variety, of free and vigorous growth, with rich dark green foliage, and numerous large, terminal, globular flower heads, with blossoms of a brilliant flamed salmon color, upon carmine scarlet flower tubes, and rich under pedicels of flower stalks.....	50
<i>Coccinea, Superba</i> , a beautiful variety, with very large heads of brilliant orange scarlet flowers, produced freely.....	50	* <i>Williamsii</i> , it is a free growing plant and an abundant bloomer, producing immense trusses of large flowers, of a very distinct and pleasing shade of reddish salmon. It is one of the very best varieties in cultivation.....	50
<i>Crocata</i> , deep orange, free grower, and profuse bloomer.....	50		
<i>Regina</i> , it is of compact habit, and the flowers are of a deep shade of color; the trusses are of a somewhat similar shape to those of <i>I. Coccinea</i> , but the plant is much more compact in growth than that variety.....	50		

CALLIPHURIA SUBEDENTATA.

This is a very beautiful free flowering plant; flowers pure white, fragrant, similar to *E. Amazonica*. 25 to 50 cents.

EUCHARIS.--(Amazonian Lily.)

<i>Eucharis, Amazonica</i> , large pure white fragrant flowers, full 4 inches in diameter, and are produced in abundance on strong plants...25 cts. to	50	* <i>Eucharis, Sanderii</i> , a distinct and beautiful new species. Its snow-white flowers are produced in umbels, and the corona, which is marked with six yellow stripes, is so shallow that it merely projects as a rim beyond the mouth of the tube.....	50 cts. to 1 00
* <i>Candida</i> , a very beautiful species, flowers pure white.....	50		
<i>Grandiflora</i> , large pure white very fragrant, 25 to	50		

IMATOPHYLLUMS.

<i>Imatophyllum, Miniatum</i> , a very excellent evergreen, warm greenhouse or cool stove plant intermediate between <i>Clivia</i> and <i>Valloia</i> or <i>Amaryllis</i> , in style of growth, with dark green leaves and large corymbs of erect,		large, clear rich salmon or light flame colored cup-like blossoms.....	50 cts to 1 00
		<i>Imatophyllum, Mad. Van Houtte</i> , a new and very beautiful variety.....	

LASIANDRA MACRANTHA FLORIBUNDA.

A magnificent plant of good habit and a most profuse bloomer; the flowers are rich violet blue, between five and six inches in diameter and produced nearly all the year through. It requires the same treatment as *Pteroma Elegans*. 30 cents.

RUELLIA MACRANTHA.

A Brazilian plant. Flowers freely of a fine violet-carmine, a pleasing color. This plant is of free growth in a warm house, flowering profusely and showy. One of the very finest winter blooming plants of recent introduction. 25 cents.

STEPHANOTHUS FLORIBUNDA.

This plant is not new, but as a valuable stove climber it is unequalled. The flowers are pure white, of a waxy texture, very persistent. Some large plants in one of my greenhouses were covered with bloom the whole of the past spring and summer. 25 to 50 cents.

TABERNÆMONTANAS.

Each.	Each.
Tabernæmontana, Camassa, a very desirable shrub, with racemes of double white flowers of Gardenia-like outline and fragrance, which are produced on the point of every shoot. The usual temperature of a hot-house with less humidity, will produce blooms more freely and longer in succession. (Growers of flowers for market should cultivate a house of this plant alone).....	30 cts. to 50
Tabernæmontana, Camelliflora Pleno (Glory of the Day), this plant is not new, but it is not cultivated to the extent it deserves; it succeeds well tilled out during summer, giving its lovely double fragrant flowers of the purest white in great profusion; excellent for bouquets, &c.....	25

PARIS DAISY OR MARGUERITE.--(Chrysanthemum Frutescens.)

Paris Daisy, Alice Crousse, a very beautiful and useful variety in the way of Halleri Maxima, and producing flowers more freely than even that beautiful variety.....	20
Frutescens, pure white, very free.....	20
Halleri Major, flowers pure white, free blooming, very useful for cutting.....	25
Paris Daisy, Etoile D'Or, invaluable alike for pots and for summer bedding, it is possessed of a free yet neat habit, and produces in abundance beautiful soft yellow flowers.....	20
Uliginosum (Pyrethrum Uliginosum), a hardy perennial, large single white flowers.....	20

ALOCACIAS.

Alocacia, Alba Violacea, stems blue, striped white, large foliage.....	25
Jenningsii, a delicate green, heavy blotches of black.....	25
Alocacia, Bataviensis, foliage and stem dark purple.....	25
Javinea, beautiful green.....	25
This class of Alocacias bed out finely.	

NEW TUBEROUS-ROOTED BEGONIAS.---Single Flowered.

The following beautiful varieties will be found admirably adapted for bedding out, as they produce in the utmost profusion magnificent flowers of very large size, and great variety in color. The tubers rest during the winter months, similar to Gladiolus, and can easily be re-started in growth in the spring. Their profuse flowering quality, and the charming variety of color of their blossoms, render them extremely showy and effective.

Begonia, Admiration, orange-scarlet, large and fine.....	75
Agnes Saul, very large flower, pure white, superior to White Lady.....	50
Boliviensis, the flowers are in great abundance, bright shining red in color.....	25
Carminata, flowers large rosy-salmon.....	30
Chambersii, flowers free, large rosy-salmon inside.....	25
Chelsoni, flowers large, drooping, bright orange, shaded with red.....	25
Charles Baltet (Lem.), large flowers of a rich vermillion, a beautiful variety.....	50
Countess of Kingston, intense purplish-crimson, immense flowers.....	75
Davisii, it is of the dwarfest habit, the leaves and flowers all springing from the root stock. The scapes, which rise erect above an elegant bluish-green foliage, are bright red; each scape bears three dazzling scarlet flowers.....	50
Diamant (Lem.), flowers very large, of a vivid rose color, habit dwarf and compact, beautiful, Eldorado (Lem.), a free flowering plant, flowers bright yellow.....	30
Emperor, orange-scarlet flowers, very brilliant, a grand flower.....	50
Excelsior, a large flower, cinnabar-red, very fine.....	50
Fannie E. Saul, the flowers are large, of a brilliant amaranth, of free growth and profuse bloomer.....	25
Frœbelii, a splendid new species from Ecuador, producing well above the foliage erect bunches of large brilliant scarlet flowers.....	25
Begonia, Hon. Mrs. Brassey, vivid crimson; extra fine.....	1 00
John Saul, a grand flower, large, color dark scarlet-crimson.....	50
L'Abbe Froment, yellow, profuse bloomer.....	1 00
Miss M. C. Saul (Saul), very large, deep clear rose, beautiful.....	50
Miss Briscoe, rosy-orange with white centre.....	50
M. Marcotte (Lem.), flowers large, of a beautiful tender rose color, very large and fine, a magnificent plant, superior to B. Rosæflora.....	50
Model, a free flowering variety, with finely-formed flowers of a beautiful carmine-rose.....	50
Mrs. John Saul (Saul), color yellow, in the way of Piercei, but larger and finer in every way.....	50
Mrs. Laing, immense flowers, bright clear rose.....	1 00
Message de Louvrex (Van Houtte), splendid orange-red.....	50
Mont Blanc (new), a vigorous grower and free bloomer, large white flowers.....	50
Onyx (Van H.), flowers very large, vermillion, shaded with very lively orange, reminding of the color of B. Veitchii.....	50
Oriflamme (Lem.), very large flowers, of a carmine-vermillion, brilliant and showy; vigorous, robust grower with large foliage.....	50
Piercei, the foliage is very pretty colored, flowers yellow, distinct and fine.....	25
Queen of Whites (new), fine free grower and good habit; flowers large, pure white, the finest white.....	50
Rosina M. Saul, flower very large, of a bright rich rose color; a charming variety.....	50

	Each.		Each.
<i>Begonia, Rubens</i> (Lem.), color coral-rose, very large, a magnificent flower.....	50	* <i>Begonia, Santay</i> , brilliant rose, beautiful form, 1 09	
<i>Sedeni</i> , flowers are of the richest magenta color and of large size.....	25	<i>Vicomtesse Doneraile</i> , very large, rich vermillion, extra fine.....	75
<i>Solfatarre</i> (new), vigorous and fine habit, pure yellow flowers.....	50	<i>Wilh. Liebnicht</i> (Lem.), flowers of immense size, color crimson-vermilion and orange.....	50
<i>Sutherlandii</i> , flowers yellow, distinct and fine, <i>Teresa Saul</i> (Saul), very large, color rose-magenta, very fine habit.....	25	<i>Wilh. Pfitzer</i> (Lem.), flowers rich carmine-vermilion, centre softerino, very large, in the way of <i>B. Veitchii</i> but superior; magnificent, <i>White Lady</i> , flowers pure white, profuse bloomer.....	50
<i>Trocadero</i> , a very vigorous variety, flowers enormous, color orange-vermilion.....	25	<i>Washingtoniana</i> , orange-vermilion, very large and fine.....	25
<i>Trophee</i> (Lem.), a free flowering variety of neat habit, flowers cinnabar-red.....	50	Extra selected seedlings 25 cents each, \$2.00 per dozen. Seedlings mixed 20 cents each, \$1.25 per dozen.	
<i>Velours</i> (Lem.), flowers of a rich vermillion, large and freely produced.....	50		

NEW TUBEROUS ROOTED BEGONIAS.—Double Flowered.

* <i>Begonia, Argus</i> (Lem.), fine double flowers of a rich vermillion, good habit and free bloomer.....	1 00	* <i>Begonia, Intermedia pleno</i> , salmon crimson, imbricated; a grand flower.....	1 50
* <i>Andre Chenier</i> , bright orange, large imbricated flower, dwarf compact habit.....	1 50	* <i>Lakme</i> , large and double sulphur-yellow.....	1 50
* <i>Agnes Sorel</i> , very large double scarlet, a grand flower.....	1 50	* <i>Lemoinei</i> (Lem.), the flowers of this beautiful plant are like a double <i>Anemone</i> , of an orange vermillion, very beautiful.....	1 50
* <i>Amazona</i> , light salmon color.....	1 00	* <i>Marie Bouchet</i> , enormous double flowers of a scarlet-crimson; extra fine.....	1 50
* <i>Bastien-Lepage</i> , very brilliant salmon, large and showy.....	1 50	* <i>Marie Lemoine</i> , very large and double, color rich crimson.....	1 50
* <i>Berence</i> , crimson, fine.....	1 00	* <i>M. Kateleer</i> , a beautiful plant, very double, finely imbricated.....	1 50
* <i>Clovis</i> , orange-crimson, large, imbricated.....	1 00	* <i>Phedre</i> , rosy salmon, very double.....	1 50
* <i>Comtesse H. de Choiseul</i> , very fine.....	1 50	* <i>Pæoniflora</i> , enormous flowers of a bright rose color, extra fine.....	1 50
* <i>Davisii flo. pleno</i> , flowers dazzling scarlet, very double; habit dwarf and compact, a very beautiful variety.....	1 50	* <i>Phosphorescent</i> (Lem.), flowers very large and double, brilliant deep vermillion, an exceedingly beautiful variety.....	1 50
* <i>Davisii lutea pleno</i> , similar to the preceding, with orange-yellow flowers.....	1 50	* <i>President Burelle</i> (Lem.), flowers large and double, of a crimson-scarlet, of a fine habit and free bloomer; a grand plant.....	1 50
* <i>Eclat</i> , very rich crimson, large and double.....	1 00	* <i>Theodora</i> , scarlet-orange, large and double; a grand flower.....	1 00
* <i>Esther</i> , rich rose, flowers large and very double.....	1 00	* <i>Volcan</i> , very large and double, rich salmon, imbricated.....	1 50
* <i>Gilbert</i> , deep softerino, large and fine.....	1 50	<i>Vicomtesse Doneraile</i> , deep bright rose, very large and double, vigorous.....	1 50
* <i>Glorie de Nancy</i> (Lem.), a magnificent variety, with large, very double, beautifully-colored carmine flowers, very floriferous.....	1 50		
* <i>Gen'l Chanzy</i> , beautiful rosy magenta; a hybrid from <i>Davisii</i> ; very fine.....	1 50		
* <i>Gen'l Championnet</i> , in the style of <i>Glorie de Nancy</i> , more brilliant.....	1 50		

NEW HYBRID TUBEROUS BEGONIAS.

<i>Begonia, Erecta Superba</i> , this splendid variety, which produces very large, brilliant scarlet flowers during the whole summer, is very showy and ornamental.....	25	<i>Begonia, Branti</i> , in the way of <i>B. Schmidtii</i> , flowers white, very pretty.....	30
* <i>Margarita</i> , a very fine and distinct hybrid, between <i>Metallica</i> and <i>Echinosepala</i> . Free bloomer, white.....	50	<i>Massiliensis</i> , a hybrid between <i>Semperflorens</i> and <i>Branti</i> , dwarf, compact habit, flowers pure white.....	30
		<i>Teutschni</i> , new and fine.....	50

NEW SHRUBBY BEGONIAS.

<i>Begonia, Caracasana</i> , flowers large, silvery rose, upright, vigorous grower and free bloomer.....	25	<i>Begonia, Uthinkii</i> , flowers crimson, free bloomer, compact habit.....	25
<i>Schmidtii</i> , flowers white during fall and winter,	25		

NERIUMS.—Oleanders.

The following collection has been selected from the best European growers I would remark that what they call double, in some cases are semi-double, and whilst young are disposed to give single flowers.

<i>Nerium, Album Maximum</i> , a very large and pure white semi-double.....	25	<i>Nerium, Lilian Henderson</i> , this beautiful Oleander is the most prolific bloomer and finest of the white-flowered varieties. The flowers are double, full petalled, rose-like in form, with a delicious perfume; small plants blooming freely will cause this plant to be grown largely for decorative purposes, as well as being unique for the bouquet.....	50
<i>Atropurpurea plenum</i> , deep cherry-crimson, shaded purple.....	50	<i>Luteum Novum</i> (new), fine new single, pale sulphur.....	40
<i>Cardinale</i> (Double), rich double vermillion, lighter in centre of petals, one of the finest dark Neriums in cultivation.....	50	<i>Madoni Grandiflorum</i> (new), beautiful semi-double, pure white-flowered, splendid, free blooming, superb.....	30
<i>Flavum duplex</i> (new), semi-double, pale sulphur distinct.....	40	<i>Mad. Chas. Baltet</i> , cherry carmine, large and very double, a fine variety.....	30
<i>Geant de Batailles</i> (s.), light blush centre, petals edged with crimson.....	40	* <i>Purpurea</i> (new), purple, double corolla.....	1 00
<i>Gloriosum</i> (new), flowers very large and double, of a brilliant cherry crimson, extra fine.....	40	<i>Souvenir de Claude Sahut</i> , rich carmine, large and very double, very beautiful.....	30
<i>Grandiflorum plenum</i> , cherry crimson, large and double.....	25		
<i>Jean d'Arc</i> , pure white, single, occasionally semi-double, a most profuse bloomer, a very valuable variety. Can be highly recommended,	30		
* <i>Luteum plenum</i> (new), pale sulphur, double.....	1 00		

SAUL'S DOUBLE CHINESE PRIMROSES.—*Primula Sinensis Pleno*.

	Each.		Each
* Primrose, Mary C. Saul (<i>Saul</i>), a seedling raised in our establishment. The flowers are as large as a carnation, very double, of the purest white, fringed, habit strong and vigorous; the finest white <i>Primula</i> ever raised.....	1 50	* Primrose, Rosina M. Saul (<i>Saul</i>), this beautiful double flower is the style of the two last. The strain is of great vigor. The flowers, which are fully as large, are of a rosy crimson, fringed...	2 00
* Grandiflora rubra , very large, double red.....	1 00	Primula Abconica , a new pretty and interesting <i>Primula</i> , with flowers of a soft lilac shade, flowering continuously and profusely from spring till autumn.....	25
Mrs. John Saul (<i>Saul</i>), this superb variety was raised in our establishment. The flowers are large, pure white, petals overlapping, beautifully serrated, of fine form, robust and compact habit, profuse bloomer. Can be safely recommended as the best double white <i>Primula</i> out.....	50	* Winifred Lawley (<i>Saul</i>), this plant is of the same vigorous strain as the others, flowers fully as large and very double, the color is distinct and novel, a beautiful pink shaded with lavender, fringed.....	2 00
* Fannie E. Saul (<i>Saul</i>), another of our seedlings, a counterpart in every particular of the last, except that the beautiful white blooms are occasionally flaked with vermillion, a magnificent flower.....	1 50	We recommend these beautiful <i>Primulas</i> to our patrons, believing them to be unequalled by any others in cultivation. Their merits are well known to the florists of Baltimore and Washington.	

BOUVARDIAS.

For autumn and winter blooming plants the *Bouvardias* are well known to every florist. They are of the easiest culture, giving their rich colored flowers in great profusion.

Bouvardia, Alfred Neuner , this is equal, if not superior, in profuse blooming quality to the valuable single white variety, <i>Davidsonii</i> , of which this double white one is a sport.		Bouvardia, Candidissima , pure white.	
Brunettii , light creamy blush, a new color, very distinct.		Humboldtii <i>Corymbiflora</i> , the blossom is the largest hitherto known in the group; the flower tube three inches in length, snow white and exquisitely fragrant.	
Dazzler , a splendid variety of compact habit. It produces fine clusters of large rich scarlet flowers.		Jasminoides , a beautiful species in the way of <i>B. Longiflora</i> , with larger terminal and auxiliary racemes of fragrant snow white flowers.	
Davidsonii or Vreelandii , the finest of all white <i>Bouvardias</i> , and of the free growth of its parent <i>Hogarth</i> .		Leiantha , dazzling scarlet.	
Elegans , color a scarlet carmine, flowers and trusses immense size		Laura , bright pink.	
Flavescens , (new), flowers like <i>Jasminiflora</i> , but of a pale sulphur.		President Garfield , double pink, quite as free in profusion of flowers as the <i>Double White</i> .	
Floribunda , flowers orange scarlet, very distinct and fine.		Priory Beauty , a beautiful shade of pale satin rose, flowers freely, in elegant and compact trusses.	
Hogarth , splendid raceme, rich scarlet, vigorous grower, fine habit.		Sanguinea (new), color crimson vermillion; a very fine new variety.	
Longiflora , snow white, long tube, beautiful.		Thomas Meehan , double scarlet.	
		Vulcan , a rich shade of crimson scarlet, with the large trusses and free habit of <i>Elegans</i> .	

First size, 30 cents each; \$3 00 per dozen.
Second size, 20 cents each; \$2 00 per dozen.

DRACÆNAS.—Dragon Tree.

Our rich collection of *Dracenas* has been awarded the first premium by the Maryland Horticultural Society for several years, and first premium at the "Cincinnati Exposition." For decorative purposes these plants are now extensively grown, their broad, dark, tropical foliage and graceful habit render them very appropriate.

Dracena, Amabilis , the ground color of the leaf is bright glossy green, becoming beautifully marked and suffused with pink and creamy white.....	50	Dracena, Haageana , a very distinct variety, with green foliage.....	30 cts. 50
Braziliensis , a robust growing species, with large, broad green foliage.....	50	Ferreæ , foliage broad dark crimson.....	30 cts. 50
Baptistii , the leaves are green, 1 to ½ feet long, 4 inches broad, margined and irregularly and obliquely striped with narrowish creamy-white flakes, passing through pale pink to deep rose.....	50	Hybrida , the older leaves are of a deep green color, margined with bright rose; as the plant attains age, the latter formed leaves become entirely suffused with deep rose and creamy-white.....	50
Elegans Rubra	50	* Kneckeii , deep green foliage beautifully recurved.....	
Ensifolia (<i>Dianella Ensifolia</i>), foliage green, fine window plant.....	50	Laingi (new), the leaves are from 8 to 10 inches long, and from 2 to 2½ inches broad. The latest formed are pale green with broad bands and margins of creamy white faintly tinged with rose.....	50
Elegantissima , a deep bronze, with a metallic lustre, and very distinctly margined with bright crimson, in the young leaves crimson of a lighter shade entirely predominates.....	50	Macarthuri , of very compact growth and bright colored foliage. They are very elegant, both in form and coloring, the latter being especially brilliant and attractive.....	50
Frederici , it has a compact yet graceful habit of vigorous growth. Its leaves assume a rich, rosy-crimson color, and is a grand decorative plant; one of the most valuable, as it colors beautifully in a small state.....	50	Mooreana , the base of the leaf-stalk and the midrib are of a bright reddish crimson color, which, in the leaf itself, changes to a glossy bronze.....	50
Guilfoylei , the ground color is bright green; fully one-half the leaf, however, is striped with white and bright rosy-red, the latter color mostly forming the border in addition...	50	Metallica , the leaves, together with the sheathing leaf-stalks, are of a uniform rich coppery purplish hue when young, becoming a dark purplish bronze when mature.....	50

	Each.		Each.
Dracæna, Nigro-Rubra , an exceedingly beautiful plant; leaves upwards of eighteen inches in length, ground color rich brown, the centre crimson, shaded with rose.....	50	Dracæna, Splendens , the color is a deep bronzy green, breaking out in the young growth into bright rosy carmine. The brighter coloring appears sometimes in stripes, and sometimes occupies the whole surface.....	50
Porphyrophylla , a noble stove shrub of erect habit, with bold, broadly oblong leaves of a fine deep bronzy green color.....	50	*Superba , this is the most slender and graceful growing variety ever offered. The leaves are pendulous, arching, from 12 to 18 inches long, from 1 to 1½ inches broad, linear lanceolate, dark bronzy green, margined and striped with bright crimson.....	50
Robinsoniana , light olive green, very much striped with bands of bronzy crimson and greenish white.....	50	Terminalis , foliage bright crimson.....	25 cts. to 50
Rosea-picta , a plant of robust habit and bold aspect. The leaves are beautifully colored with a delicate rose tint, which deepens by age to a bright carmine.....	50	Alba , this is <i>D. Terminalis</i> , but with white variegation. The ground color bright green, with pure white variegation, the upper leaves being white, while leaf-stalks are also edged with white.....	50
Scottiæ , a distinct and beautiful variety; the leaves spreading lanceolate, about 3 inches wide, of a deep green, with crimson edges; the young leaves freely variegated, with pink and creamy white.....	50	Stricta , a variety with brilliant foliage.....	25 to 50
Shepherdii , this takes on its distinctive coloring gradually on the older leaves, the young ones being green, and showing paler green stripes on those parts which take on at a later period the peculiar bronzy orange hue.....	50	Youngii , young leaves light green, tinged with rose; streaked with dark-red, changing with age to a bright copper color.....	50
Spectabilis , foliage long, green, very graceful.....	25 cts. to 50	Specimens and half specimens of all can be supplied during summer and autumn, suitable for exhibiting at Fairs, Flower Shows, &c., at moderate prices.	

CORDYLINES.

Cordylina, Australis , a very long, narrow, graceful foliage.....	25	Cordylina, Veitchii Rubra , dark foliage.....	25
Indivisa , long, narrow and graceful foliage.....	25	Australian plants of much grace and beauty, admirable for vases, single specimens on lawns, &c.	
Lineata	25		

CROTONS.—(Codicæum.)

These ornamental plants are natives of the South Sea Islands; they are among the most beautiful of variegated plants, the leaves being blotched with yellow and red in various ways, which renders them the most attractive and valuable for decorative purposes. They are of the easiest culture, succeeding in any warm greenhouse.

Our rich collection of Crotons has been awarded the leading prizes by the Maryland Horticultural Society for some years, and first premium at the Cincinnati Exposition.

Croton, Aurea-Maculatus , a small leaved variety of very neat and compact habit, deep but bright green, profusely spotted with golden-yellow.....	25 cts. to 50	Croton, Johannis , the leaves are from 20 to 24 inches long, narrow and pendulous, ground color bright shining green, the margins and midrib bright orange-yellow, a beautiful variety.....	50
Andreana , a variety of neat habit and free growth. The foliage colors in the most exquisite manner. One of the most beautiful of Crotons.....	30 cts. to 50	Majesticum , a truly grand variety, leaves from 12 to 18 inches long, when young the leaves are deep green, ribbed with golden-yellow the green changing with age into a deep olive and the yellow becomes crimson.....	25 cts. to 50
Bismarcki , a deep green, with a broad band of golden-yellow and yellow markings, in addition to which a few slight yellow blotches are scattered over the surface.....	25 cts. to 50	Mooreanus , the color and markings are rich and distinct. The midrib and margin of the leaf are of a clear orange-yellow, with the blade crossed with parallel bands and stripes of the same color.....	25 cts. to 50
Bicornutum , leaves irregular in shade, dark green, blotched and spotted with yellow, and having a horn-like extension of the midrib, which has given rise to its name.....	30 cts. to 50	Multicolor , leaves irregular in shape, contracted in the centre and twisted at the point, light green blotched with yellow, but changing to glossy green blotched with yellow, reddish-yellow and red, the midrib crimson.....	25 cts. to 50
Chrysophyllum , at the upper ends of the shoots they appear to be almost entirely golden. The upper leaves are shorter than the lower, somewhat wavy-edged and occasionally about once twisted; the petioles are red.....	25 cts. to 50	Spirale , the spiral leaves render it most distinct, they are from 9 to 12 inches in length and pendulous; in a young state, the ground color is deep green, striped up the centre with a broad band of golden yellow; with age they change to a deep bronzy-green.....	30 cts. to 50
Disraeli , in the newer leaves the midrib and margin of a light yellow. As the foliage becomes older the yellow subsides to a bright orange-yellow. In the mature leaves the margin is a bright scarlet.....	25 cts. to 50	Nobilis , a beautiful variety with long pendulous leaves, richly colored with many tints. The colors are crimson, yellow, in many shades, the crimson being predominant in the stems, footstalks of the leaves and midribs, where it is bordered by bands of deep golden-yellow.....	25 cts. to 50
Interruptum , very long leaves, nearly an inch broad, midrib bright scarlet, shading to a golden yellow. An exceedingly graceful plant.....	25 cts. to 50	Picta , foliage dark green, spotted with red and yellow.....	25 cts. to 50
Irregular , leaves broadest at the base, about 9 inches long, scarcely two leaves resembling each other; ground color dark green, midrib orange-yellow, with the upper surface of the leaf irregularly spotted and blotched with yellow.....	25 cts. to 50	Tortilis , a remarkably fine variety with twisted foliage, very distinct. The midrib of each leaf grows in a spiral from the base to the point. The ground color is of a deep olive-green, the midribs of the mature leaves bright crimson, bordered on each side with a line of deep yellow.....	30 cts. to 50
Lord Cairns , this has trilobate leaves. The color of the foliage is a bright green, the midribs of the leaves a light yellow, blotched and spotted with the same color, the spots and blotches being irregularly scattered over the surface.....	25 cts. to 50		

	Each.		Each.
Croton, Volutum , the leaves being rolled up from the end in a volute, after the manner of the curving of a ram's horn. A golden bar runs down the centre and coalesces with the golden margin.....	50	Croton, Weismannii , this is one of the most beautiful of all the forms; leaves about a foot long and three-fourths of an inch wide; ground color shining bright green striped and mottled with golden-yellow.....	50
Variegatum , leaves dark green, blotched and spotted with golden-yellow.....	25 cts. to 50	Youngii , a magnificent Croton; the leaves are of great substance, from 1½ to 2 feet in length, deep red underneath, while the upper surface is dark green, densely blotched and suffused with creamy-yellow and bright rosy-red.....	50
Rubrum , leaves dark green, striped and spotted with red and golden-yellow.....	25 cts. to 50	Specimen and half specimen plants of all can be supplied during summer and autumn, suitable for exhibiting, at moderate prices.	
Veitchii , a splendid variety. The leaves attain a length of 12 to 14 inches, and 2½ inches in breadth, and are traversed by broad bands of creamy-yellow, which change with age into rose and carmine-purple.....	25 cts. to 50		

HIBISCUS ROSA SINENSIS.--Chinese Hibiscus.

(All are Magnificent Plants for Bedding Out.)

Hibiscus, Collierii (new), a remarkably distinct variety. The flowers are of a buff-yellow, with a crimson-scarlet base, and are particularly handsome.....	25	Hibiscus, Miniata Semi-Pleno , brilliant flowers of a vermilion-scarlet color, darker towards the base of the petals. The flowers are semi-double.....	20
Cruentus , the flowers are compact and double, of a remarkably rich crimson-red, and having a strikingly showy character.....	20	Lambertii , flowers large, of a deep crimson, very fine.....	25
Carminatus perfectus , it has very large flowers nearly 5 inches across, with broad and slightly undulated petals, of a rich soft carmine-rose, with a deep crimson eye.....	20	Rosa Sinensis , flowers deep crimson, single.....	20
Cooperii tricolor , beautifully variegated in foliage and flowers.....	25	Variegata , leaves beautifully variegated with white.....	20
Fulgidus , flowers very large, composed of fine, broad, round and beautifully undulated petals, of an intense carmine-scarlet.....	20	pleno rubra , double crimson.....	20
Grandiflora , this is a beautiful new plant in the way of the fine old plant <i>H. Rosa Sinensis</i> , it has very large flowers of rosy-crimson.....	20	Jaune , double yellow.....	20
Punicus , the flowers are double, neat and compact, of a very elegant crisped appearance, color bright dense crimson.....	20	Aurantiaca , double orange.....	20
		Schizopetalus , one of the most remarkable varieties of <i>H. Rosa Sinensis</i> ; the petals are deeply lacinated and fringed, as are the petals of Mignonette, Clarkia, &c. Its drooping flowers with reflected orange-red, and lacinated petals render this plant not only a curiosity, but highly valuable as a decorative plant.....	25
		Van Houttii (new), another magnificent flower, large, of a deep crimson, extra fine.....	25

Price \$2.00 per dozen.

PUNICAS.--Pomegranates.

Punica, Alba Pleno , double white.....	20	Punica, Nana Improved , it blooms freely in a small state, and larger specimens are sheets of bloom. Being such a profuse bloomer, it is exceedingly desirable from its rich color, brilliant orange-scarlet.....	25
Legrelliae Pleno , reddish-yellow bordered with white, very double, splendid.....	20		
Rubra Pleno , double red.....	20		
Prolifera , a profuse flowerer.....	20		

GARDENIAS.--Cape Jasmine.

The Cape Jasmine is well known for its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

Gardenia, Citriodora , single white, very fragrant.....	25 cts. to 50	Gardenia, Radicans , profuse bloomer, double white.....	20 cts. to 40
*Globosa , a native of Natal, where it extends from the sea-coast to an elevation of 1,200 feet, is a free flowering shrub, having lanceolate glabrous leaves. The large white funnel-shaped fragrant flowers are terminal, the tube broad, an inch long, hairy at the mouth, and with the spreading limb an inch and a half across.....	1 00	Variegata , variegated leaves, double white flowers.....	20 cts. to 50
		Camelliflora , large double white.....	25 cts. to 50
		Florida , large double white.....	25 cts. to 50
		Major , very large double.....	25 cts. to 50
		Majestica , very large double white.....	25 cts. to 50
		Fortunii , fortune's large double white.....	25 cts. to 50

SWEET SCENTED VIOLETS.

Violet, Argentæflora (Lees), the largest of all the single Violets. Flowers half an inch in diameter; bluish veined and suffused with lilac.....		Violet, Marie de Savoy , the largest of Violets, color deep blue with a white centre; very fragrant. This violet will be largely grown by florists.....	
Belle de Chatenay , new double white violet. The flowers are pure white, most delicately perfumed, of immense size and very double.....		Princess Louise , double white, fine.....	
Belle de Chatenay , violet colored (new), distinct and beautiful; very large and double.....		Swanley White (new), a magnificent variety, flowers large double, pure white, deliciously scented.....	20
Czar , (single), very large purple, hardy and fragrant.....		Schœnbrun , ever blooming, single dark blue, very hardy.....	
White (single), a pure white variety of the last, very desirable.....		Victoria Regina (Lees), this is a most beautiful single violet, pale blue.....	
Double Blue Neapolitan , light blue.....		Price 15 cents each, \$1 50 per dozen (save where priced.) Large plants in autumn, 25 cents each, \$2.00 per dozen.	
Marie Louise , very fine double flowers, purple, with white centre; forces well.....			

LAGERSTRAEAE.—Crape Myrtle.

	Each.		Each.
Lagerstrææa, Indica Alba, white Crape Myrtle, a very beautiful shrub.....	25	Lagerstrææa, Indica New Crimson, bright deep crimson, no variety hitherto introduced approaching it in color; a profuse bloomer, giving immense heads of its rich flowers.....	25
Indica Rosea, rose or pink, the variety generally grown.....	25	The Crape Myrtle is well known in this latitude and South as our most beautiful summer flowering hardy shrub. North, it will need protection.	
Purpurea, a bright purple, a vigorous grower and free bloomer.....	25		
Magenta, color a bright magenta.....	25		

NEW AND RARE HARDY TREES AND SHRUBS.

Abelia Rupestris, a dwarf compact shrub, flowers pure white in long racemes during summer and fall; a beautiful shrub, quite hardy.....	20	Daphne Genkwa (Japan Daphne), an exceedingly beautiful small shrub, with long downy twigs, which in spring before the leaves appear, bear violet colored fragrant flowers about an inch long; one of the most beautiful of early flowering shrubs.....	50
Althea Cœlestis (Rose of Sharon, Hibiscus Syriacus), a distinct and beautiful variety with single blue flowers.....	40	Desmodium Japonicum, a pretty dwarf Japanese shrub, which is quite hardy. Its drooping branches are entirely hidden by millions of its white flowers, which are freely produced from August to beginning of winter.....	25
Andromeda Arborea or (Oxydendrum), Sorrel Tree, a rare American small tree, known in Europe as Lily-of-the-Valley Tree, from the resemblance of its blossoms to that lovely flower.....	50	Penduliflorum, similar to the last, with purple flowers.....	25
*Azalea Ghent, in varieties, finest from seed, 50 to 100	1 00	Dimorphanthus Mandchuricus, this has been introduced from Manchuria, and therefore is perfectly hardy. Its handsome multifid leaves are about a yard in length and as much in breadth, similar to Aralia Japonica.....	30 cts. 50
Mollis (Japanese), in variety, very beautiful and hardy.....	50 cts. 1 00	Enkianthus Japonicus, a pretty new Japanese shrub.....	75
Acer Polymorphum, dwarf Japanese Maple.....	25 to 50	Eurya latifolia Variegata, a beautiful variegated shrub, nearly hardy.....	1 00
*Atropurpureum, foliage deep purple shaded with claret; a beautiful variety.....	\$1 to 1 50	Sieboldtii.....	1 00
*Dissectum, foliage similar to the above, but deeply cut.....	\$1 to 1 50	Gelsemium Sempervirens Pleno, double flowered Carolina Jasmine; an exceedingly beautiful climber; rich yellow flowers.....	50
Rosea Pictis, foliage deeply and finely cut.....	\$1 to 1 50	Gordonia pubescens, flowers from July to the end of September, beautiful white magnolia-like flowers.....	50
*Palmatifidum Atropurpureum.....	\$1 to 1 50	Hypericum Patulum, flowers in bunches, pale yellow and of great substance, resembling much in appearance the beautiful Gardenia Javonica.....	25
*Reticulatum, deeply lobed leaves, reticulated with white and yellow.....	\$1 to 1 50	Japonicum, a pretty dwarf plant, flowers golden yellow.....	50
Rosea Marginatus, leaves tipped and edged with rose.....	\$1 to 1 50	Triflorum, very large golden-yellow flowers, one of the very finest Hypericums.....	1 00
*Rufa Nerva.....	\$1 to 1 50	Idesia Polycarpa, a very beautiful new Japanese tree. The flowers are of a yellowish-green. They are deliciously fragrant, their odor resembling that of a Vanda. These are followed by numerous orange berries, about as large as a small cherry. Tree quite hardy.....	50
*Sanguineum, blood leaved, deeply lobed leaves; a rich colored and very beautiful Maple.....	1 50	Japanese Persimmon (Diospyros Kaki), fine varieties.....	50
*Japonicum, of slow compact growth, with large leaves; a very distinct and handsome species.....	\$1 to 1 50	Ligustrum Japonicum Tricolor, a very fine variegated shrub, centre of leaf green, broadly margined with silver.....	25
*Castanifolia, a very distinct and handsome Maple.....	1 50	Lonicera Quihoui, a new Japanese species with small foliage very distinct and pretty shrub.....	25
Aralia Seiboldi, a very handsome evergreen with large, shining, green leaves, nearly or quite hardy; a fine decorative plant.....	25 cts. 50	Planteriensis (new), climbing species.....	25
Berberis Thunbergii, a dwarf bushy shrub, covered during winter with bright coral berries; a beautiful shrub.....	50	Magnolia grandiflora.....	50 cts. to 2 50
Integerima, another handsome dwarf Berberis.....	50	Many other beautiful Magnolias.	
Chestnut Japanese, large fruited.....	50	Muhlenbeckia Complexa, an exceedingly pretty trailing plant, with small round leaves thickly set upon the branches, having very much the appearance of a Maiden Hair Fern.....	25
Callicarpa Purpurea, it blooms in August; these are succeeded by a crop of small berries, which are of a bright lilac-purple, and which continues up to winter.....	25	Neviusia Alabamensis ("Snow Wreath"), a new native shrub of great beauty. It occurred in thickets under a long escarpment of rock, and, when in full bloom, looked like a snow wreath. In its native place it had a southern exposure at the base of a high cliff, and at an elevation above the tops of the trees below; at that place I have seen virgate wreaths of it 3 feet long covered with bloom.....	30
Cedrela Sinensis, a very beautiful hardy tree of rapid growth, from north of China, with large foliage similar to Alanthus, and yellowish bark. This is a very handsome new tree, very desirable for gardens, lawns, cemeteries, &c., its fine large, shining foliage being most distinct, and the tree, withal, hardy.....	30 to 50	Other Japonica, a beautiful Holly like evergreen from Japan, hardy south.....	75
Chimonanthus Calycanthus) Fragnans, blooms during winter, exceedingly fragrant; hardy in this latitude and South.....	50	Ostrostyros Obassa, a new Japanese shrub.....	50
Clerodendron Viscosissima (Bungeana), this is a handsome hardy shrub from Northern China; the flowers emit a delicious perfume; flowers lilac-rose, in dense terminal corymbs, a very desirable new shrub.....	30	Philodendron Amurensis, a pretty medium-sized tree from the Amour, pinnated foliage, produces the Siberian Cork. "In autumn the coloration of the leaves, which is bright red, is very fine. It retains its foliage very late.....	50
Climbing Hydrangea (Schizophragma, Hydrangeoides), this is described as clinging to trees to the height of 50 feet, producing corymbs of white flowers of the size of ordinary Hydrangeas. It clings exactly like ivy.....	25		
Cocculus Carolinianus, a rapid growing climber, perfectly hardy. It produces racemes of vivid scarlet berries, which hang on the vines all winter.....	25		
Cræægus Lalandi, a variety of Pyracantha, much superior to the type, has deeper colored berries and a more compact and better habit.....	25		

	Each.		Each.
<i>Phyllirea Vilmoreana</i> , a beautiful hardy evergreen.....	1 00	<i>Styrax Japonica</i> , this is one of the finest hardy shrubs, of vigorous compact growth; blooms early and most profusely; the plants are sheets of bloom, which are pure white, most charming, admirably adapted for cemeteries.....	25
<i>Pæonia Moutan Banksia</i> , double Chinese Tree Pæony. A magnificent flowering shrub, quite hardy.....	50 cts. to 1 00	<i>Syringa</i> (Lilac), <i>Hyacinthiflora pleno</i> . A magnificent double flowered lilac; large thyrse of rich double lilac flowers.....	50
<i>Perottia Persica</i> , one of the rarest of shrubs, the foliage, which is retained till late, colors beautifully in autumn and early winter.....	1 00	<i>Lemoinei pleno</i> , another magnificent double flowered lilac, with immense thyrses of delicate rose-colored flowers; a grand and exceedingly beautiful plant.....	50
<i>Prunus Pessardi</i> , the most desirable of all purple-leaved trees, as it retains its deep bright purple color throughout our warmest summer weather, until matured in autumn. Fruit of medium size; color bright crimson from the time it is set. Very sweet. Second quality.....	25	<i>Rubella pleno</i> , immense thyrse of double mauve-colored flowers; a grand variety.....	50
<i>Pyrus Maulei</i> , this desirable new fruit is allied to the Japanese Quince. The fruit is of the size of a moderate Quince, of a bright apricot color, and makes a rich preserve. The flowers, which are produced in great profusion, are of a most brilliant orange-scarlet color. It is one of the most beautiful flowering trees of recent introduction, as well as a valuable fruit. Small plants.....	50	<i>Renoncule</i> , very double, Ranunculus shaped, color azure mauve, immense thyrse, very fine.....	50
<i>Japonica Alba Semi pleno</i> , semi-double white Japan <i>Pyrus</i>	50	<i>Wiegelia Incarnata</i> , a beautiful bright-colored variety.....	20
<i>Nivalis</i> (Veitch), purest white, a lovely shrub.....	50	<i>Beranger</i> , flowers crimson, very free.....	25
<i>Rhododendron Catawbiense</i> , finest seedlings, 1 to 2 feet.....	50 cts. to \$1 00 to 2 00	<i>John Standish</i> (<i>Japonica</i>), large flowers of purplish crimson.....	20
<i>Caucasica Alba</i> , white.....	1 50	<i>Ed. Andre</i> , a very beautiful new variety, interior of flower purple, exterior very dark blackish purple.....	20
<i>Maxima</i> , large leaved, 1 to 2 feet.....	50 cts. to 1 00	<i>August Wilhelm</i> (new), rosy amaranth.....	25
<i>Punctatum</i> , a very rare species.....	1 00	<i>Candida</i> (new), the finest and purest white.....	25
<i>*Sciadopitys Verticellata</i> (Umbrella Pine), the most distinct and beautiful of Pines. Every lover of Evergreens should grow it.....	1 00	<i>Jean Mace</i> , purple.....	20
<i>*Staphylea Colchica</i> , a very beautiful hardy shrub, flowers in early spring, pure white in clusters. Forces well.....	50	<i>Othello</i> , carmine.....	25
<i>*Stuartia pentagynæa</i> , a scarce and beautiful native shrub with large pure white flowers, very desirable, quite hardy.....	50	<i>Grandiflora Alba</i> , a grand flower, purest white.....	25
<i>Spirea Bumalda</i> , flowers rose.....	25	<i>De Jussieu</i> , rosy carmine, yellow centre.....	25
<i>Crispifolia</i> , bright rose.....	25	<i>Gavarni</i> , beautiful rose carmine.....	25
<i>Rotundifolia Alba</i> , pure white.....	25	<i>Zanthoceras Sorbifolia</i> , this is one of the most beautiful hardy shrubs which have been introduced for years. It is a native of Central China. It is a shrub or small tree, not attaining over ten or twelve feet in height, and bushy. The flowers expand during April at the same time as the leaves, and are disposed in racemes which attain a height of eight inches and sometimes more. They are white, having a slight fleshy tint and reddish copper colored at the base, shading off to a purple violet. This lovely shrub is perfectly hardy...	50

CLEMATIS.

Among the most beautiful of climbing plants are the Clematis—whether trained over lattice work, on pillars, or trailing on the ground. There can now be found among them great variety of colors; all are profuse bloomers and quite hardy; mostly in one and two year old plants.

CLASS I.

Perpetuals, summer and autumn bloomers flowering on shoots of the same year's growth, raised between *Lanuginosa* and *Viticella*, except those marked with (s), which are species.

<i>Clematis, Alba Magna</i> (new), large, pure white flowers; a magnificent Clematis.....	50	<i>Clematis, Duchess of Teck</i> , flowers pure white, six-sepaled, with a faint, delicate mauve bar down the centre when first opened.....	50
<i>Alexandra</i> , large flowers, color reddish violet, blooms finely through the summer.....	50	<i>Elaine</i> , double violet, a large beautiful flower.....	1 00
<i>Ascotiensis</i> , the flowers containing six petals each, color a fine azure blue; it is a most profuse bloomer.....	50	<i>Enchantress</i> , double white, large, extra.....	50
<i>Atropurpurea</i> , large and intense crimson blue.....	30	<i>Erecta pleno</i> (s), flowers double white.....	50
<i>Aureliana</i> , flowers large and of a lively porcelain blue.....	40	<i>Fairy Queen</i> , flowers very large, occasionally measuring nine inches across; color pale flesh, with a pink bar in the centre of each sepal, shaded purple at the base.....	50
<i>Andre Leroy</i> , an immense flower of the finest form, color rich violet, with a metallic hue; a grand flower.....	40	<i>Flammula</i> (s), sweet scented, the flowers are small, pure white and fragrant.....	25
<i>Angelina</i> (new), very large beautiful flower, color pale mauve, eight sepals.....	50	<i>Fulgens</i> , violet purple, with a reddish band through the centre of each petal.....	40
<i>Belisaire</i> , very large, eight petals, bluish lilac, light centre.....	50	<i>Gipsey Queen</i> , an extremely rich, bright, dark velvety purple variety of the <i>Jacksonii</i> type; very free, late flowering.....	50
<i>Blue Gem</i> , flowers very large, shaded with mauve.....	50	<i>Grand Duchess</i> , a large flowered and very effective eight-sepaled variety; the flowers of which, in some instances, were as much as ten inches in diameter, but often only eight inches. The color is white, slightly flushed with rose.....	75
<i>Casimir Perier</i> (new), white, with underside rose, seven sepals, a large fine flower.....	75	<i>Gem</i> , a most profuse bloomer, continuing in full beauty late into the autumn; flowers large, a most intense rich blue.....	50
<i>Coccinea</i> (s), a native Southern species, quite hardy, flowers small, bright scarlet; a very interesting plant.....	25	<i>Gloire de St. Julien</i> , French white, a very large flower; very extra.....	50
<i>Duke of Edinburgh</i> , this is a fine variety, flowers large, six-sepaled, of a rich violet purple. One of the most attractive.....	50	<i>Henryi</i> , a magnificent large white flower; a tree grower and most profuse bloomer.....	50
<i>Devoniensis</i> , flowers large, delicate azure blue, very free bloomer, extra.....	40	<i>Herbert Spencer</i> , in the style of <i>Jackmanii</i> , large violet blue, extra fine.....	50
<i>Duke of Norfolk</i> , a large beautiful flower, having eight sepals of a rich mauve.....	40		

	Each.		Each.
Clematis, Graveolens (s), a very distinct species, of rapid growth, a most profuse bloomer, color yellow—very distinct, quite hardy.....	25	*Clematis, Otto Froebel , this variety is remarkable for vigor, and the flower is of immense size and perfect in form, the sepals being sufficiently broad to be well imbricated. The color French white	50
Jackmanii , a lovely hardy climber, with large flowers of a deep purple light violet; a profuse bloomer.....	50	Purpurea Elegans , flowers large, fine form; color deep violet purple, well contrasted by its light colored filaments and pinkish brown anthers.....	50
Jackmanii Superba , similar to preceding with larger flowers.....	1 00	President G. Huot , eight sepals, fine ivory white; rose anthers, extra.....	75
Jean d'Arc , flowers white, large and perfect, with three pale blue stripes on each petal. The plant is of a vigorous habit.....	40	Princess Beatrice (new), amaranth-purple, a magnificent variety with broad overlapping petals of great substance, from 6 to 8 inches in diameter, and nicely frilled, color silvery lilac with pale stamens, quite distinct.....	1 00
La Nymphe , flowers very large, pure white, with rosy stamens, fine.....	50	Princess of Wales , large flowers of a deep rich violet purple, with red bars down the centre of petal; a beautiful variety.....	40
La Mauve , (new), light mauve shaded with violet.....	1 00	Rubella , flowers of a rich velvety claret, the deepest color of any Clematis, generally has six petals to each flower.....	50
Lilicina Floribunda (new), pale lilac, deeply veined; flowers the size of Jackmanii, but having six petals, perfect shape, fine.....	1 00	Reine Blanche , a lovely white flower, delicately margined, with sepals, fringed.....	50
Lady Caroline Neville , color delicate bluish white, with a broad purplish band in the centre of each petal.....	50	Robert Hanbury , magnificent large flowers; 8 sepals, bluish lilac color, fine.....	75
Lanuginosa , a beautiful species, with light azure flowers, which form an admirable contrast to the others.....	40	Samuel Moulson , mauve, with a reddish tint on the bars.....	40
Candida , flowers large, pure white, beautiful, Nivea, a variety of the last, with large, white flowers, a very fine and distinct sort.....	40	Star of India , flowers from four to five inches in diameter; color rich violet purple, with a rosy purple band in the centre of each petal.....	40
Louis Van Houtte , double white, rose azure stamens—a beautiful flower.....	40	Symeiana , delicate shade of pale mauve or lavender blue; a striking variety.....	50
Lady Boville , very free flowering, bright blue, Lawsoniana, a large and very fine flower, of a fine rosy purple, a free and continuous bloomer, Lord Gifford, large flowers, eight sepals, rich purple, fine.....	50	Thomas Tenant , white, with pale rose changing to ivory white, very handsome.....	50
Lord Napier	75	Tunbridgensis , flowers four to six inches in diameter, dark blue, and ribboned on the centre of each petal with purple.....	50
Lord Neville , a really first-class variety, flowers very large and well formed; rich dark plum, edgings of sepals being finely crimped.....	75	Thomas Moore , deep rich violet tinted puce, a very large flower, occasionally nine inches in diameter.....	50
Mad'le Eliza Schenk , a large and fine Clematis of a rich blue.....	50	Viticella , flowers purple, very fine.....	25
Marie Boisselot , an immense flower, pure white, the finest white Clematis.....	1 00	Venosa , a reddish purple, reticulated with white.....	40
Moritkata Oke , a beautiful new variety, satiny French white, closely set and slightly cupped, flowers very perfect in shape.....	75	Grandiflora (new), a magnificent variety, free grower and free bloomer; color mauve, marbled and veined with white; very large flower with six and seven petals.....	50
Mrs. Hope , satiny mauve, bar rather dark tint, sepals broad and overlapping, forming a full slightly reflexed flower.....	50	Alba (new), free grower and profuse bloomer, color pure white.....	40
Mrs. Moore , very large flowers, white, barred in centre with mauve.....	50	Rubra Grandiflora , a vigorous free growing variety, flowers profusely, color a violet red.....	40
Mad. Granger , flowers large purple violet with maroon midrib, redder than any other Clematis.....	50	Kermesina (new), a large fine flower; rich amaranth purple.....	75
Mad. Van Houtte , a splendid variety; white suffused with a bluish mauve colored tint.....	50	Velutina Purpurea , very profuse bloomer, color blackish mulberry.....	40
Montana (s), a Himalayan species, flowers white.....	30	Vesta , the flowers are five inches across, and consisting of eight or more spreading sepals of a dead white color, with a creamy tinge over the centre bar.....	50
Mrs. Baker , white, with dark carmine ribbon, a large and beautiful flower, free bloomer.....	40	Venus Vitrix , flowers double, of beautiful form, a delicate lavender, extra fine.....	75
Mrs. James Bateman , a very large lavender blue.....	40	Victoria , a distinct and handsome variety, flowers large, composed of five or six petals, deep reddish mauve.....	50
Marie Lefebvre , flowers from six to seven inches in diameter, delicate violet white with purplish lilac band in the centre of each petal.....	40	12 very fine, my selection, \$4.00.	
Mad. Thibaut , an immense flower; white, a broad band of rose in the centre of the petals.....	50		

CLASS II.

The following varieties flower in spring and early summer, from the old or ripened wood of the previous year's growth, have been raised from Patens.

Clematis, Albert Victor , a thick velvety texture, flowers large, deep lavender, with brown ribs down the centre petal.....	40	Clematis, Excelsior , flowers large, finely shaped and occasionally double, the outer petals resembling the guard petals of a Hollyhock, color rich deep mauve	50
Avalance , flowers large double white, extra.....	1 00	Fortunei , a very fine species from Japan, flowers double, white and fragrant.....	40
Belle of Woking , large double mauve, beautiful.....	75	Standishii , one of the most beautiful flowers, of a kind of violet blue, with crimson and carmine shining through it.....	40
Countess of Lovelace , sepals a bluish lilac, within which is a rosette of small sepal-like bodies of deep bluish lilac, forming a full double flower.....	50	Fair Rosamond , the flower is fully six inches across. White with a bluish cast, having a light wine red bar up the centre of each sepal	40
Duchess of Edinburgh , without doubt the best of the double whites yet known, most deliciously scented, very free blooming.....	50		

	Each.		Each.
Clematis, John Gould Veitch , a magnificent "Double Blue Clematis." It is a profuse bloomer, the flowers being very double, of a large size, and of a beautiful light blue.....	50	Clematis, Mlle. H. de Pulligny (new).....	75
Lady Lonsborough , color a delicate silvery lavender with a white stripe down the centre of each petal.....	40	Mrs. Melville (new), pale mauve, large beautiful flower.....	75
Lucie Lemoine , fine double white, the flowers are composed of seventy-five to ninety petals. In the first period of its flowering the blooms are semi-circular in shape, resembling a gigantic double white Zinnia.....	50	Proteus (new), double rosy purple, large, a grand flower.....	75
Lord Derby , a large flower with eight sepals; color pale lavender, very showy.....	50	Sir Garnet Wolseley , nearly six inches across, of a slaty-blue ground, having in the young state a very effective dash of bronze, and in the matured condition a showy and distinct bar of plum red.....	50
Mrs. George Jackman , the flowers are large, six inches across, flat, light sepal, much overlapping so as to form a close and well filled flower, and sometimes producing a second row of petals; the color is a satiny white with a creamy bar.....	50	Stella , very showy. The flowers are of a light violet or deep mauve, with a distinct bar in the centre of each petal of a reddish plum color, The Queen, a free habit and remarkably handsome foliage, and flowers of a delicate lavender color; very beautiful.....	50
Maiden's Blush , flower large, eight sepals; color delicate rose with cream centre.....	75	The President (new), large fine flower, with eight sepals, color rich purple.....	75
Miss Bateman , a magnificent plant; the blooms are large, of good shape and pure white, banded with creamy white down the centre of each petal.....	40	Undine , large, double, purple, extra.....	75
Miss Crawshaw , very large sepals, pale rose tinted with lilac.....	75	Uranus (new), rich violet purple, middle of petals mauve, eight petals; form perfect.....	75
		Virginica , a native species, a rampant grower, small white flowers in long wreaths and with long plumage, downy tufts.....	25
		Vita-alba (Traveller's Joy), very rampant growers, flowers white, small, in long wreaths, a very desirable vine.....	
		Very fine varieties, my selection, \$4.00 per doz.	

GESNERIAS.

These are bulbous-rooted plants which bloom magnificently during the winter months.

Gesneria, Alba rosea , rosy creamy white, throat carmine on yellow ground.....	50	Gesneria, Jasminiflora , flowers of the purest white, freely produced, beautiful.....	30
*Donkelaari , a remarkably fine plant for winter blooming, color rich vermilion.....	1 00	Miellezi , a very distinct, bluish-violet, very pretty.....	50
Diovali (new), large flower, orange-scarlet lip, spotted, free grower and profuse bloomer.....	50	Refulgens , another superb winter flowering plant; color of flower between vermilion and amaranth, a charming plant.....	50
Guatemalensis , a free grower and bloomer, flowers orange.....	50	Regalis , large bouquet of lively vermilion flowers.....	50
*Leopoldi , dwarf, compact, erect habit, umbels of a rich vermilion; an exceedingly beautiful plant.....	50	Verticillata , flowers spotted, very free and handsome.....	50

MISCELLANEOUS GESNERIACEOUS PLANTS.

Cyrtodeira Chontalensis , leaves light green, purple underneath, flowers lilac with a yellow centre; a charming plant.....	30	Drymonia Turrialvae , a beautiful bold leaf, very thick, with a silvery metallic appearance, and as easily cultivated as a Begonia. Also a good flowering plant.....	30
Rosanowia Ornata , creamy-white, covered with rose lines on the tube lobes, interior striped with dark purple; a fine variety.....	30	Isolomo Hirsute , a very beautiful South American plant, with flowers of a rich orange-vermilion; lobe of orange-scarlet. A grand novelty.....	50
Citrina Rosea , pretty flowers, half yellow and half rose.....	30	Scheeria Mexicana Cœrulescens , fine blue.....	25
Hansteini , white shaded and spotted with violet.....	25		

ACHIMENES.

Achimenes, Admiration , deep rose color, with light throat.		Achimenes, Latifolia.	
Amb. Verschaffelt , white netted superbly with light pinky, orifice covered with golden rays.		Lon. Mad. Marthe , blue, orange centre.	
Ami Van Houtti , very fine blue, centre yellow.		Lon. Macrantha , beautiful blue, very large.	
Argus , rich plum, orange eye, spotted carmine.		Longiflora Alba Maxima , large white.	
Aurora.		Magnet , orange, spotted crimson.	
Baumanni Cœrulea , violet-blue, centre white, spotted purple.		Masterpiece , large, rose-violet, centre white.	
Celestial , extra, violet-blue.		M. de Rougemont , amaranth, veined with carmine-purple.	
Coccinea Purpurea , purple and scarlet.		M. de Rougemont , amaranth purple.	
Copard.		M. Miellez , white throat striped with lilac.	
Dentonia , large blue.		Mauve Perfection , rich mauve.	
Diadem , magenta-carmine, yellow eye.		Pardina , orange-yellow, dotted with nasturtium-red.	
Docteur Buenzod , carmine-violet, throat yellow, spotted with crimson.		Paxtoni.	
Georgiana , scarlet, centre golden-yellow.		Patens Major , dark purple.	
Grandiflora , Carl Wolfarth, bright violet, very large.		Perlata.	
Louis Van Houtte , violet with carmine reflex.		Parsoni , copper-red pointed with yellow.	
Pleno , bright violet.		Pink Perfection , satiny-pink, large and fine.	
Grandis.		President Mallett.	
Hofgartner Mastrand , vermilion and purple, yellow throat.		Purpurea Elegans , splendid deep magenta.	
Harry Williams , bright cerise, yellow eye.		Rosea Magnifica , violet-red, spotted lemon, yellow centre.	
Loveliness , magenta, centre golden-yellow.		Rose Queen , bright rose.	
Longiflora , fine blue, light centre.		Semilosse , dark purple.	
		Treviriana Splendens , deep carmine.	
		Unique , rosy-pink, orange eye.	
		Violacea Semi-pleno , violet, semi-double.	
		Violetta , fine violet.	

Price 20 cents each, \$2.00 per dozen.

TYDÆA.—A Section of Achimenes.

The group of Tydæa includes the late autumn and winter flowering varieties, producing a long and brilliant succession of bloom, and include the most florid colors found in the other sections, of pure rose, amaranth, rosy-crimson, scarlet, cerise, rose-orange, tinted scarlet and white shaded with rose, elegantly spotted or barred in nearly the whole section.

Tydæa, Agar, white suffused with carmine and dotted with bright chamoy.

Alba Kermesina, white ground, shaded with a bright rose and beautifully marked with crimson.

Alexander, limbs and throat spotted blackish-carmine.

Belzebuth, crimson, covered all over with black spots, like the skin of a leopard.

Celine Van Eckhaute (new).

Commandeur J. B. Sella, tube violet-carmine, lower lobes spotted violet, upper lobes carmine, dotted with blood red.

Ch. de Gerlache, lilac carmine tube, limb white striped with carmine, throat deep carmine.

Elliptica Multiflora, dark purple, with white spots.

Gigantea, majestic growth, flowers vermillion and golden-yellow.

Lady Digby, brilliant crimson, beautifully spotted.

Leon Duval, lively carmine shaded with violet, limb lilac, dotted with crimson.

Madame Drion-Permez, carmine tube, limb yellowish, dotted with blood red.

Tydæa, Massange.

Madame Halphen, a fine flower, lower lobes lightly tinted with blue and spotted with carmine; the upper lobes shaded with carmine-rose.

Madame Heine, carmine tubes, lower lobes white, marked with spots of black, shading off carmine; upper lobes bordered with amaranth.

Madame Lavallee, tube rose color, lower lobes white, spotted with purple-carmine, upper lobes margined with carmine.

Montefiore (new).

Mdlle. E. Varnoverbergh.

Oscar Lamarche (new).

Robert le Diable, dark vermillion, covered with large jets, black fantastic figures.

R. de Patoul-Fieura, scarlet tube, limb yellowish-white, reticulated and shaded with carmine.

Reticulata, beautifully reticulated.

Thalie, large flower tube vermillion, limb lemon-yellow with large vermillion spots and flakes.

Wonder, magnificent; flowers, which are of a dazzling orange-vermillion, veined with black.

Price 30 cents each, \$3.00 per doz.

EUCODONIAS.

The sections of Eucodonia and Nægelia are typed in habit by the well-known Gesneria Zebrina, the flowers being produced on large terminal cone-shaped racemes in drooping funnel-shaped flower tubes of rich violet and bright rose, with pretty dotted centres.

Eucodonia, Amphitrite, fine flowers of lilac-rose, with three bands of orange-yellow.

Armide, tender, flesh color, slightly lilac, yellow throat.

Diane, lilac blue, throat yellowish.

Ehrenbergi, sky-blue flowers, very handsome.

Nægelioides Diamantina, large flowers of purplish-violet, very striking.

Eucodonia, Nægelioides Lilacini, a beautiful lilac with white throat, spotted and freckled with citron, lilac and yellow.

Nægelioides, large spikes, violet, changing to velvety-crimson, centre of the throat bright yellow, spotted with carmine.

Van Houttei, large spikes, perfect form, vivid carmine spotted with flesh-colored stripes.

Price 25 cents each; set of 7 for \$1.50.

NÆGELIAS.

Nægelia, Amabilis, fine panicle of snow white flowers, with large lemon-yellow spots on the lower lip.

Artemise, salmon-yellow, throat golden-yellow.

Brioche, yellowish, spotted with rose, tube flesh colored.

Cerise d'or, cherry-red exterior, interior golden-yellow spotted with cherry-red.

Comtesse de Flandre, tube and limbs vermillion, throat spotted vermillion.

Citrina Coronata, lemon-yellow with vermillion spots.

Daphne, tube and edge of the limb of a lively rose, centre pure white.

Evelynes, salmon-yellow, throat nankeen-yellow.

Fulgida Bicolor, upper part of flower vermillion, lower part marbled white, extra fine.

Concolor, a magnificent variety of a fine vermillion.

Nægelia, Gabriella, carmine bordered with white, throat pointed carmine on yellow ground, extra.

Helene, crimson, throat white pointed with crimson.

Mad. Jehenne (new). 50 cents.

Mad. Van Houtte, bright rose, sprinkled with carmine.

Morgenlicht, finely formed, golden-yellow flower.

Pierrot, pale yellow, spotted with carmine, throat golden yellow, tube carmine.

Pollux (L. Van Houtte), flower of perfect form, dark rose tube, throat yellow, spotted with carmine.

Pyramidal (new). 50 cents.

Sappho, white, tinted with rose, throat yellow.

Souvenir de H. Conscience, carmine rose, throat flesh dotted with carmine.

Sceptre cerise, very bright vermillion, cherry-red, covered with golden-yellow spots; magnificent and very large, smooth foliage of bronze-maroon.

Price 30 cents each, \$3.00 per doz.

PLECTOPOMAS.

Plectopoma, Aurora, pretty salmon rose, throat yellow, spotted with salmon-rose.

Bicolor, tube flesh colored, tinted on the exterior with red, interior lemon-yellow.

Candidum, snow white with broad lemon-yellow blotch.

Great Eastern, large light rose flowers, whitish maule, pointed with carmine.

Gloxinaeflora, large white flowers, throat golden-yellow blotched with scarlet.

Plectopoma, Gibsonii, fine dark blue flowers.

Rosa Bonheur, tube rosy white, limb pure white, corolla dotted with lilac, bottom golden-yellow netted with brown.

Rollisonii, fine pale blue flowers.

Sauvissima, size and form unequalled, delicate rose spotted with crimson.

Viola, rose ornamented on the upper part with a large white spot, sprinkled with carmine and flaked with citron.

Price 30 cents each, \$3.00 per dozen.

GLOXINIAS.—Class 1.

The varieties of this genus are all very handsome, producing abundance of magnificent flowers of a most beautiful description. The tubers should be potted in February or March. Place in a little heat to start them into growth; water sparingly till the plants are well established. When in bloom bring them into the conservatory or drawing-room. After the plants have done blooming dry gradually off, by withholding water from their roots; afterwards remove them to a warm, dry place.

The following are superlatively beautiful:

Those marked thus (e) have erect flowers.

- Gloxinia, Agnes M. Saul** (*Saul*), light crimson scarlet, large flower, very fine.
Artevelde, flowers enormous, velvety violet, edge of the throat blackish purple.
Avocat D. Waldeck (e), very lively velvety carmine flower edged with pale rose.
Andre Vesale (e), very beautiful flower, rich violet carmine.
Berenice (e), large finely shaped flower; rich violet red.
Baron A. de Rothschild (e), very large and of fine form, white, completely reticulated and spotted with carmine.
Byron, white ground; the margin of the limb is amaranth festooned with purple.
Cardinal de Richelieu (e), creamy yellow, throat spotted with purple and ornated with a rich violet and crimson.
Cinderella (e), pure white with pink band, most beautiful.
Caleb.
Cendrillon (e), pure white, zonated with tender lilac.
Duchess of Teck, large drooping flowers of a rich magenta, shaded with maroon; the ground color is lighter at the edges of the lobes.
Desillusion (e), fine open flower, white, entrance of throat violet.
Ernst Banary, dark lavender, mottled with white; a beautiful flower.
Eclipse (e), rosy crimson with lighter margin, very bright; throat violet.
Esperance, white, zonated with rose.
Francis Saul (*Saul*), blue, with a deep purple throat, a large finely formed flower.
Fulgida (e), vermilion red, a magnificent flower.
Gossee, rich lilac bordered with white, extra.
Gracieuse (e), very large flower, yellowish-white with tender flesh-colored limb, rose at the entrance of throat.
Hermine, carmine rose.
Henry Hussen, white, with a lavender lip, a large showy flower; beautiful.
Harry Veitch, violet, throat lavender.
Jos. Souleary, deep crimson, white margin, very beautiful.
Jean Aicard (e), large, of good form, of a fine lively rose, reticulated and dotted with carmine, of first-class.
La France, white, striped with claret-red at the orifice of the corolla, lobes dotted with lilac.

Price 25 cents each, \$2.50 per dozen.

NEW GLOXINIAS.—Class 2.

- Gloxinia, Admiration** (e), throat deep violet, mouth rich purple shaded with crimson, lobes lavender-purple.
Andre Vesale (e), white ground spotted all over with purple, very fine.
Bayard (e), beautiful lilac crimson, throat spotted.
Bichat.
Brunette (e), rich velvety-violet purple shaded with maroon, throat white spotted crimson, extra fine.
Cleopatra (e), very dark rich scarlet-crimson, throat spotted.
Comte de Montesquieu.
Comte de Paris (e), white margined with rosy crimson.
Comsse. de Choiseul.
Duplex.
Eclair.
Esperance (e), white ground spotted all over with minute spots, blotched on each petal.

Gloxinia, Lancolot, very rich deep purple extra.

- Madame Hatti**, fine scarlet flower, throat deep red shaded with purple, slightly blotched with white, margin rosy scarlet.
Miss Hannah de Rothschild, large white, tinted with purple; throat purple shaded mauve, lower part creamy white.
Mrs. Haines (e), splendid erect flower, throat purplish violet, bordered with vermilion-scarlet, with deep margin of rose color.
Mad. Alice Guilmot, pure white flower, beginning of the throat lively velvety carmine.
***Mad. Montefiore-Levi-Bischoffsheim** (e), large, lively light carmine, reticulated with darker carmine, of first-class.
Macauley (e), white shaded with blue on the limb and dotted with violet, entrance of throat largely lined with carmine.
Montezuma (e), spotted all over with rich purple; a lovely flower.
Mrs. John Saul (*Saul*) (e), very large, finely shaped; deep crimson, with lighter margin, a rich and beautiful variety.
Mrs. Wm. Bull, rosy red flaked and bordered with white.
Madem. Gabrielle de Nocker (e), large, tender violet flower, beginning of the throat velvety violet, bottom spotted.
Orpheus, lovely carmine.
President Cleveland (*Saul*) (e), a large and beautiful flower, rich vermilion, throat speckled.
Purity (e), pure white, the largest white variety yet obtained; very effective.
Prince Arthur, a large deep purple flower, the two upper lobes and margin light purple.
Prince Leopold, throat purplish violet, scarlet margin shaded with pink.
Rosy Morn (e), flowers of fine form, rosy scarlet, very attractive.
Scarlet Gem, crimson scarlet, extra fine.
Souvenir (e), lively velvety carmine, intersected at the throat entrance by a fine white stripe, bordered with white.
Sang Gaulois (e), a rich bright red color with golden reflections; dull red throat.
Theresa Saul (*Saul*), white, with crimson lips, fine.
William Bull, double corolla, white ground variegated with crimson, ornated with a flesh-colored, dotting on its reverse, with stripes and flamed.
Zoroaster (e), large fine flower; bright rose.

Gloxinia, Emperor.

- Floxinelle**, purple throat, light margin.
Goliath, rich purple, throat spotted, fine.
Hippocrates (e), white ground thickly spotted with violet, violet throat.
Isabeau (e), light ground, veined crimson and spotted with violet.
Jonathan (e), white ground with a bar of delicate lavender on each petal.
Lacordaire (e), scarlet crimson, a very bright rich flower, extra.
Le Reve.
Louis Castle (e), very large flower, throat pure white, broad violet margin.
M. Paul de Septenville (e), large, carmine amaranth, throat lined and spotted with deep carmine.
Nero.
Oreste.

Gloxinia, Pres. Thomas.

Sirene.

Thalia, throat white spotted with crimson, limbs stained with pale mauve, spotted, purpled and bordered with white.

Gloxinia, Ugalin, throat spotted, purple margin. **Vicomtesse de Belleval**.

William Goldring, rich scarlet-crimson, shaded with maroon in centre of each segment, throat spotted, very brilliant variety.

Price 50 cents each, \$5.00 per dozen.

DAHLIAS.--General Collection.

SHOW FLOWERS.

Our collection of Show Flowers have received first premiums at the Maryland Horticultural Society's Exhibition for several years past, and at the Cincinnati Industrial Exposition the past season. Our collection of this beautiful flower is unrivalled. We import annually all the new varieties of merit, and none are retained in our collection that do not come up to the standard of perfect flowers. It now embraces all the finest Show Flowers in cultivation. Dry pot roots of most can now be supplied, or strong plants in May; either can be sent by mail.

Price 20 cents each; \$2.00 per dozen; my selection \$1.50 per dozen.

MISCELLANEOUS DAHLIAS.

	Each.		Each.
Dahlia, Annie Harvey, it is similar with the variety Constance, but having smaller flowers, which are produced freely, while the color is a beautiful scarlet.....	25	Dahlia, Glabrata, a dwarf species, about 2½ ft. high, producing from August until cut off by frost, myriads of small lilac blossoms with a yellow centre; a little gem for cutting.....	25
Ariel, new.....	30	Juarezii (Cactus Dahlia), dazzling scarlet, long petals curiously twisted at the points; they are as brilliant as those of a Poinsettia, and resemble somewhat the flowers of a Cactus; a grand bedding Dahlia.....	20
*Constance (White Cactus Dahlia), flowers are of the purest white, and good shape.....	25	Mrs. Hawkins, a clear sulphur yellow, shading to creamy white, soft and delicate; a most charming contrast to the bright scarlet of Juarezii.....	50
*Cochineal, the richest of crimsons, toned with a brownish shade; for the purpose of supplying cut flowers it is most serviceable.....	25	Zimapani, Black Dahlia (Bidens Atrocarinea), a deep rich crimson, almost black. This can be treated the same as all other Dahlias, and is quite as easily grown.....	30
Fire King (Glare of the Garden), a most useful variety, producing myriads of flowers of a dazzling scarlet, somewhat in the way of a miniature Juarezii.....	20		
Gen'l Gordon.....	30		
Merckii Floribunda.....	30		
Mersi, new.....	40		

NEW SINGLE DAHLIAS.

Dahlia, Bedding Gem.
Cetewayo.
Dr. Moffat.

Dahlia, Duchess of Westminster.

<i>Longissimum</i> , a very useful basket Fern; its pendulous fronds are often from 5 to 7 feet long, and are produced in great abundance.....	25 cts. to 50	<i>Platycterium Grandis</i>	
<i>Formosum</i> , a very beautiful Fern.....	30	* <i>Platycterium Alciorne</i> (Elk's Horn Fern), a very handsome and distinct evergreen Fern, succeeds well on block or basket.....	75
<i>Serratum</i>	25	<i>Majus</i> , a large variety.....	1 50
<i>Viviparum</i>	25	* <i>Grande</i> , a noble species, when grown on a block of wood makes a remarkably handsome specimen.....	2 50
<i>Cicutarium</i>	25	<i>Pellœa Andromedæfolia</i>	25 cts. to 50
<i>Aspidium Spinulosum</i>	25	<i>Polystichum Aristata Variegata</i>	50
<i>Macrophyllum</i>	25	<i>Polypodium</i> (<i>Hare's Foot Fern</i>).....	
<i>Obtusilobum</i>	25	<i>Aureum</i> (<i>Phlebodium</i>), a very distinct Fern.....	25
<i>Aculeatum</i>	25	<i>Karradianum</i> , drooping Fern from Sandwich Islands.....	25
<i>Athyrium Goringeanum pictum</i>	25	<i>Plumosum</i>	20
<i>Blechnum Brasiliensis</i>	25 cts. to 50	<i>Pteris Argyraea</i>	25
<i>Cheilanthes Alabamensis</i>	25	<i>Cretica alba-lineata</i>	20
<i>Elegans</i> , a very beautiful Fern.....	25	<i>Geraniifolia</i>	25
<i>Cibotium Schiedeii</i>	25	<i>Hastata</i>	25
<i>Davallia</i>		<i>Scaberula</i>	25
<i>Bullata</i>	25	<i>Serrulata</i>	25
<i>Bulbiferum Woolstenii</i>	30	<i>Maxima Cristata</i> , an exceedingly pretty Fern; the leaves are large and finely crested.....	25 cts. to 50
<i>Pentaphylla</i>	50	<i>Cristata</i>	25
<i>Polyantha</i>	25	<i>Tremula</i>	20
<i>Tyermanii</i>	30 cts. to 50	<i>Scolopendrium Cristatum</i>	50
<i>Mooreana</i> , a most beautiful Fern. The fronds are from 2 to 3 feet long, and from 1 to 2 feet wide at the base, triangular and pointed, of a graceful arching habit of growth, and most elegantly cut into a multitude of small segments.....	30 cts. to 50	<i>Sitalobium cicutarium</i>	25 cts. to 50
<i>Tyermanii</i> , one of the most beautiful of all the Hare's-foot Ferns, of dwarf compact habit, having rich dark green fronds. The rhizomes are slender, which contrast charmingly with the deep green of the fronds, 30 to 50		<i>Todea Fraserii</i>	
<i>Pyxidata</i>	25	<i>pellucida</i>	
<i>Dennstedtia Davallioides Youngi</i> , under pot culture it has caudices as thick as one's finger, and fronds 7 or 8 feet in length. To this stout and vigorous constitution it adds the elegance and gracefulness of minute subdivision, so that its fronds, though large, are utterly devoid of coarseness; while growing to a large size, it is one of the most finely cut of all the large growing sorts.....	50 cts. to 1 00	<i>Superba</i>	
<i>Doryopteris Palmata</i>	20	<i>Wilksiana</i>	
<i>Nobilis</i>		There is no family of Ferns which approaches this in beauty. For wardian cases, they are indispensable.	
<i>Rauenbachi</i>	30	<i>Woodwardia Spe</i>	25
<i>Gymnogramma Sulphurea</i>	25		

My selection, nice sorts, \$1.50 to \$3.00 per dozen.

<i>Roseum</i> , rose spotted, flowered.....	40		
<i>Rubrum</i> , crimson spotted, flowered.....	40		
<i>Precox</i> , early flowering and distinct variety, flowers pure white.....	50		

MISCELLANEOUS BULBOUS PLANTS.

* <i>Agapanthus Umbellatus</i> (African Lily), large truss of blue flowers, fine bedded out, 25 cts. to	50	* <i>Amaryllis Aurea</i> (<i>Lycoris Aurea</i>), golden-yellow, very rare.....	2 50
* <i>Alba</i> , white flowered.....	40	* <i>Bayard</i> , dark cherry-red, with large pure white stripes, very large flowers.....	2 00
* <i>Flora pleno</i> , double.....	50	* <i>Baffin</i> , white, ground striped with crimson-scarlet. Very beautiful.....	1 50
* <i>Major</i> , large flowered.....	50	* <i>Ciceron</i> , amaranth-red, with pure white stripes, flowers of perfect shape; a grand flower.....	3 00
* <i>Variegata</i> , variegated leaves.....	50	* <i>Clovis</i> (new), very fine transparent red, enormous, well opened and well formed flowers, with large pure white stripes on each petal, very fine.....	2 00
* <i>Amaryllis</i> , Dr. Masters, it is very free, and flowers in a very small state. The flowers of this fine variety are about 6 inches in diameter, the sepals and petals are broad and of fine form and substance; the color of the petals is bright carmine-scarlet, shaded towards the base with purplish-crimson. This variety has the peculiarity of being totally devoid of green in the interior of the flower. One of the finest ever sent out.....		* <i>Cardinalis</i> , scarlet-crimson with a white stripe on each petal; an exceedingly beautiful flower, 1 50	
* <i>Duchess of Connaught</i> , a fine formed flower with smooth broad overlapping petals. It is the purest and best white <i>Amaryllis</i> yet obtained.....		* <i>Corsaire</i> (new), very large perfectly shaped flower, orange-red at the edges of the sepals and deep cherry-red in the centre, with a white band in the middle of each petal, splendid variety, very vigorous.....	3 00
* <i>Empress of India</i> , a grand flower of extra size and fine form; glowing scarlet, suffused with orange, relieved by a white eye and white central stripe on each petal.....		* <i>Delicata</i> , white delicately striped and veined with crimson.....	1 50
* <i>Species</i> (new), from S. America; rich orange with white centre, a free grower and bloomer, a very distinct and beautiful species.....	2 50	* <i>Eugene Souchet</i> (new), very fine purplish-red, velvety at the edges of the sepals; flowers very large with a white band in the middle of each petal, splendid plant, very vigorous and blooming regularly.....	3 00
* <i>Artemasia</i> (new), pure white, with large vermilion stripes, very large flowers, splendid variety.....	2 00	* <i>Etoile</i> , transparent white ground, slightly striated and striped with purple; well opened flowers. Vigorous and fine, generally produces two spikes.....	2 50
* <i>Ackermannii Pulcherrima</i> , glowing crimson, fine form; free blooming, the most beautiful of all the high colored <i>Amaryllis</i>	2 50	* <i>Fulgida</i> , a large flower, deep crimson, veined white, robust grower, generally has two spikes, 50	
* <i>Atalante</i> (new), carmine white, darker in the centre, tinted with light rose on the edges. Very fine variety, new shade of color.....	3 00	* <i>Girandole</i> (new), flesh colored white, slightly tinted orange in the centre, darker at the edges; brilliant carmine blotch on lower petals, 3 00	
* <i>Atrosanguinea</i> , brilliant vermilion, deep rich glowing shade, generally produces two spikes of finely shaped flowers. A grand plant for winter forcing.....	40	* <i>Glory of Algiers</i> , "double, very distinct".....	
* <i>Aspasia</i> (new), white tinged with yellow, blazed red, edged with a darker yellow, perfect flower, very large and beautiful.....	3 00	* <i>Johnsonii Grandiflora</i> (new), this variety produces from two to four flower spikes, each bearing from four to eight large scarlet flowers, with pure white stripes through each petal, 1 00	
* <i>Aurora</i> (new), pure white, extra large flowers, with large garnet-red stripes, slightly tinged with yellow on the borders. Very vigorous, producing generally two spikes of six flowers, 2 50		* <i>Lindenii</i> , glowing vermilion, with light stripes in the centre of each petal; flowers freely during mid-winter, magnificent.....	2 00
		<i>Optima</i> (new), deep bright crimson, with broad white stripes in the centre of each petal, very vigorous, generally produces two spikes. A magnificent flower.....	2 50

- 1 " Wm. F. Bennet.

*\$10 COLLECTION.

Embraces the collection of plants as in the \$15 collection, from Monthly Roses to Hydrangeas, inclusive.

*\$5 COLLECTION.

Half the \$10 collection.

*PLANTS FREE BY MAIL.

We have for some years forwarded plants in large numbers by mail to the most distant parts of the Union, as Texas, Utah and Pacific Coast with perfect success. All of which are properly labelled and carefully packed in boxes or oiled paper. The following plants will be sent by mail, prepaid, our selection, at the prices annexed, or any new plant can be forwarded in the same way. No order for less than one dollar will be filled. This rule is necessary, as the mailing of one or two cheap plants will not compensate us, in the hurry of business, for the time and labor of packing, directing, pre-paying postage, etc.

Either of the following collections free by mail, for \$1.00.

- 10 Achyranthus, assorted.
- 10 Alternantheras, assorted.
- 6 Ampelopsis.
- 8 Aquilegias, assorted.
- 10 Ageratum, " "

We will send six of the above collections for \$5.00. Fourteen for \$10.00.

All plants suitable for mailing at Catalogue rates. Not less than one dollar's worth sent in one order.

Premiums on all orders, and in proportion to amount ordered.

CLUB TERMS.

We offer as an inducement to those willing to get up a Club, the following reductions from Catalogue prices:

On a club order to amount to \$ 5.00, you may select Plants or Bulbs to amount of \$ 5.50.

" " " " 10.00, " " " " " 12.00.

" " " " 15.00, " " " " " 18.00.

" " " " 20.00, " " " " " 25.00.

The plants intended for each person will be selected and made into separate parcels, and all mailed or shipped to one address. These discounts apply to Catalogues 5 and 6 only.

TESTIMONIALS.

MR. SAUL,—

Sir:—I received the plants you sent all right. Am well pleased with them.

NEW HAVEN, December 27, 1886.
W. I. R.

PLEASANT LAKE, MASS., May 8, 1886.

Dear Sir:—Plants received May 6, in good condition. Am much pleased with them. Never saw such fine plants by mail. Thanks for the *extra*. Shall know where to send for *good* plants in future. Respectfully yours,
L. P. C.

PORTLAND, OREGON, April 28, 1886.

Geraniums received in perfect order. Thanks. Your packing is very successful. Yours very truly, E. S. T.

JOHN SAUL,—

MADISONVILLE, April 27, 1886.

Dear Sir:—Pardon me for not sooner acknowledging the receipt of your very liberal supply of plants in response to my order. I was delighted with quality and quantity. Shall certainly use my influence to induce others to patronize your firm. Yours, &c.,
MRS. L. C. L.

ELLCOTT CITY, April 26, 1886.

MR. JOHN SAUL,—The \$10.00 collection of evergreens ordered arrived duly, beautifully packed and in excellent condition. Please accept thanks. I am much pleased with your selection, also with the large number sent, and it gives me pleasure to acknowledge the same. Very respectfully,
E. D.

BURLINGTON, VT., April 15, 1886.

MR. SAUL,—Your package enclosing Bennett Roses was received in due season. Much obliged for sending such fine plants. Respectfully,
MRS. M. T.

MR. JOHN SAUL,—

OSWEGO, ILL., April 2, 1886.

Sir:—Received the package of Bulbs in good condition, Monday. Am much pleased with them. Accept thanks for extra bulb. Yours respectfully,
A. L. C.

GALVESTON, March 29, 1886.

The plants arrived in an excellent condition. Respectfully yours,
C. I. B. R.

NORFOLK, VA.

Dear Sir:—The box of plants arrived safely on Saturday last. Plants beautifully packed and in fine condition.
R. H. D.

MR. J. SAUL,—

GORDONSVILLE, VA., March 26, 1886.

Dear Sir:—I beg to say the plants arrived this evening in fine condition and looking well. Yours truly,
G. W. C.

GRANTSVILLE, GARRETT CO., MD., March 24, 1886.

Dear Sir:—Trees and plants received yesterday in fine condition. They were done up nicely. Accept thanks for extras. Yours truly,
S. J. M.

JOHN SAUL, Esq., Washington, D. C.

DENVER, COL., March 19, 1886.

Dear Sir:—The plants have arrived in good condition, and we will have some pretty flowers from them this season. Yours truly,
H. L. W.

JOHN SAUL, Esq., Washington, D. C.

COLUMBIA, S. C., March 19, 1886.

Dear Sir:—The Pelargoniums received on yesterday and were in fine order. Am very much pleased with them. Accept thanks for the ones sent as presents. Yours,
MRS. E. E.

MR. SAUL,—

AUSTIN, March 10, 1886.

Dear Sir:—Plants received in good condition. Many thanks for extras.
MRS. C. H. R.

MR. JOHN SAUL, Washington, D. C.

STEEELACOOM, W. T., January 9th, 1886.

Dear Sir:—I write to inform you that I received the bulbs that you sent, in good condition, and am well pleased with them.
J. V.

JOHN SAUL, Esq., Washington, D. C.

SAN ANTONIO, TEXAS, December 23, 1885.

Dear Sir:—Plants came to hand in due time and in good condition. Yours, &c.
L. W. M.

MR. JOHN SAUL,—

ELIZABETH, N. J., June 30.

Plants received to-day in nice order. Many thanks for your promptness and extra plant.
E. P.

MR. JOHN SAUL,—

MORGANTOWN, W. VA., June 24, 1886.

Dear Sir:—The plants arrived in good condition as yours always do. Please accept thanks for extras.
Respectfully yours,
D. H. C.

BLACKSBURG, June 21, 1886.

Many thanks to Mr. Saul for his lovely basket of flowers. Dr. L. also appreciated it, and says I must add his thanks to mine. Yours, much obliged,
MRS. M. P. S.

PHILADELPHIA, Pa., 6: 15.

Plants received. For same I am greatly obliged to you for them. Very respectfully,
WM. H. L.

MR. JOHN SAUL, Washington, D. C.,—

WINCHESTER, INDIANA, June 19, 1886.

Dear Sir:—The plants received and in fine shape, for which please accept thanks. Wishing you success, I remain yours, very respectfully,
MRS. C. G.

MR. JOHN SAUL,—

SAN FRANCISCO, June 4, 1886.

Dear Sir:—The chrysanthemums arrived in a remarkably fine condition, for which please accept many thanks.
MRS. H. A. C.

FLORENCE, S. C., June 1, 1886.

Dear Sir:—The plants received in good order. I am much obliged to you for the splendid and liberal filling of my order. Very respectfully yours,
S. A. G.

247 WESTERN AVE., LYNN, MASS., June 3.

My plants came last night. They were in fine condition. I never saw plants so nicely packed. Thank you for "extras." Yours truly,
J. C. P.

MR. JOHN SAUL,—

CANTON, OHIO, May 29, 1886.

Dear Sir:—I received the dozen dahlia roots through postoffice in good condition, for which accept my thanks for the manner in which they were packed. Yours respectfully,
S. M.

DEAR MR. SAUL,—

Box of plants received in first-rate condition. Many thanks.
MRS. A. E. M.

JOHN SAUL, Esq.,—

LOS ANGELES, CAL., December 1, 1886.

Dear Sir:—Plants arrived in due time and in good order.
MRS. H. W., 265 N. Main Street.

JOHN SAUL, Esq.,—

ST. DENIS P. O., MD., December 4, 1886.

Dear Sir:—My dealings with you have always been very satisfactory, and it gives me pleasure to enclose you the amount of your bill. Very truly yours,
JUDGE GEORGE W. D.

JOHN SAUL, Esq., Washington City,—

BALLINGER, TEXAS, November 26, 1886.

Plants arrived in good order. Many thanks for the same. Respectfully,
MRS. G. D. N.

MANASSAS, November 29, 1886.

I wish to thank you for your great liberality and promptness, and for the *fine stock* you have sent me. I have been figuring a little, and find that I save fully one-half in cost by purchasing from you and *get better stock*. I have not lost a plant or tree purchased from you.
J. P. B.

OREGON CITY, November 22.

The package of plants came to hand in good order. Respectfully,
E. S.

MR. JOHN SAUL, Washington, D. C.,—

DEL RIO, VAL VERDE CO., TEXAS, November 22, 1886.

Dear Sir:—I received the package of Roses ordered in September. They are very fine, strong plants and your selection eminently satisfactory.
DR. E. G. N.

MR. SAUL,—

LEXINGTON, KY.

Dear Sir:—I received the little box of Dahlias. Very many thanks.
MRS. DR. F.

FRONT ROYAL, October 13, 1886.

Thank you, Mr. Saul, for sending such nice plants. They came yesterday in good order. Hastily,
MRS. R. L. B.

HOLLINS, VA., October 9, 1886.

Two packages Bulbs, &c., duly received in fine order. Am very much obliged. Yours truly,
MRS. E. S. C.

MR. JOHN SAUL,—

ELIZABETH, N. J., September 27.

Sir:—Plants arrived safely by mail in nice order. Accept thanks for the same.
MRS. M. P.

MR. JOHN SAUL, Washington,—

CARDENAS, CUBA, September 1, 1886.

Dear Sir:—Plants of Ferns arrived safely. Please accept thanks. I am, dear sir, yours respectfully,
L. D.

NEW EDINBURGH, OTTAWA, CANADA.

Mrs. L. has to acknowledge the receipt of the very finest box of Roses she ever received, and they are hardly in the ground before one is already in bud.

DEMOREST'S ILLUSTRATED MONTHLY,

The Model Parlor Magazine of the World, Combining the Essentials of All Others.

The increasing popularity of **DEMOREST'S MONTHLY MAGAZINE**, a popularity extending over twenty years, is ample proof that each succeeding year finds it improved in its vitality, beauty and attractiveness; thus meriting the enthusiastic encomiums bestowed upon it by its wide circle of intelligent and critical readers.

The peculiar features of this Magazine render it absolutely indispensable in the family circle. Its mission is to refine, elevate and instruct. Not only does it show how home can be beautified and adorned, but it points out the way by which the qualities of head and heart can be so cultivated that they will shed around the beneficent light of intellectual and moral beauty. Thus it is a safe family guide, a counselor and friend for the young, while those older can find profit and pleasure in its pages.

So varied and instructive are its departments, combining as they do, **Literature, Art, Architecture, Poetry, Floriculture, House and Home Matters, Work Table, Fashions, Editorials on Topics of the Day, Science at Home, Kitchen, Ladies' Club, Review of New Books, Common Topics**, that it forms a valuable compendium of desirable and useful information for everybody.

Its Literary Department is richly stored with **SERIALS, SHORTER TALES, BIOGRAPHICAL and HISTORICAL SKETCHES, ESSAYS, EDITORIALS, POEMS, and MISCELLANEOUS ARTICLES**, from the pens of the best writers of Europe and America; thus furnishing the most choice and popular literature of the day.

Its Artistic Department possesses unusual interest. Each number is profusely illustrated with a beautiful **ART PICTURE** in **OIL** of rare delicacy of finish, or well executed **STEEL** and other **ENGRAVINGS** of celebrated pictures, by world-renowned artists of ancient and modern times, and **FASHION ILLUSTRATIONS**, which for beauty variety and reliability are not equaled by those of any magazine in the world.

Its Scientific, Architectural, Floricultural, Household and Fashion Departments are equally full and attractive; the whole forming a Magazine which most admirably combines the useful and ornamental, the instructive and entertaining, and which for beauty, utility, originality and cheapness is without a peer in the field that it occupies.

Any one desiring a sample copy of this thoroughly comprehensive and elegant **LITERARY and FASHION MAGAZINE**, can obtain the same by forwarding **TWENTY CENTS. YEARLY SUBSCRIPTION, TWO DOLLARS.**

Demorest's Illustrated Monthly Magazine can be purchased (and subscriptions taken) at any of **Mme. Demorest's** agencies, all booksellers and newsdealers, and railroad news depots. **W. JENNINGS DEMOREST, Publisher, 17 East 14th Street, New York.**

 In making out Order please affix prices that we may know sizes of Plants wanted.

*Write your Name plainly, give Post Office, County and State,
at all times you write, however frequent.*

PREMIUMS

I was Awarded the following Premiums at the Cincinnati Industrial Exposition.

SEPTEMBER, 1884—GLADIOLUS AND DAHLIAS.

And the following at a former Exposition.

FIRST PREMIUM—"BEST GROUP OF CROTONS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF CROTON."

FIRST PREMIUM—"BEST GROUP OF DRACÆNAS."

FIRST PREMIUM—"BEST GROUP OF MARANTAS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF MARANTA."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF DIEFFENBACHIA."

SECOND PREMIUM—"SECOND BEST GROUP OF VARIEGATED FOLIAGE PLANTS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF VARIEGATED FOLIAGE PLANT."

SPECIAL PREMIUM—"FOR DAVALLIA MOOREANA."

I have also been Awarded for several years, leading Premiums by the MARYLAND HORTICULTURAL SOCIETY and DISTRICT OF COLUMBIA HORTICULTURAL SOCIETY for Dracænas, Crotons, Foliage Plants, Stove and Greenhouse Plants, Ferns, &c. In Cut Flowers, for Dahlias, Roses, Phloxes, Herbaceous Plants, &c.

At the NATIONAL FAIR ASSOCIATION, WASHINGTON, D. C., I have also been Awarded the leading Premiums.

SEAFORTHIA ELEGANS.

This is a most graceful Palm, eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth; a grand decorative plant.

Price per Plant, 50 cts., \$1.00 to \$3.50.
